## M E M O R A N D U M

**To:** Commissioner Katie Anderson  
Commissioner Mayson Foster  
Commissioner Elsenia Young

**From:** Darleen Okammor, Program Manager  
Energy Assistance Department

**Date:** January 7, 2011

**Re:** Energy Assistance Program Committee

---

There will be an Energy Assistance Program Committee meeting, Wednesday, January 19, 2011 at 9:30 a.m. at Louisiana Housing Finance Agency, Committee Room 2, located at 2415 Quail Drive, Baton Rouge, LA.

The following topics will be discussed:

- Energy Programs Activity Summary
- LACAP Louisiana WAP Max/Regular Weatherization Report

If you have any questions or concerns, please contact me.

January 12, 2011

**ENERGY ASSISTANCE COMMITTEE MEETING**

A regular meeting of the Energy Assistance Committee will be held on **Wednesday, January 19, 2011 at 9:30 A.M.**, Louisiana Housing Finance Agency, **Committee Room 2**, 2415 Quail Drive, Baton Rouge, Louisiana, by order of the Chairman.

**AGENDA**

1. Call to order, roll call, and introduction of guests.
2. Approval of minutes from the December 8, 2010 Committee Meeting.
3. Energy Programs **Activity Summary**.
4. **LACAP** Monthly Report for Louisiana **WAP Max/Regular Weatherization**.
5. Other Business.
6. Adjournment.

---

**Milton J. Bailey**, LHFA President

**If you require special services or accommodations, please contact Barry E. Brooks  
(225) 763-8773 or via email [bbrooks@lhfa.state.la.us](mailto:bbrooks@lhfa.state.la.us)**

Pursuant to the provisions of LSA-R.S. 42:6.1, upon two-thirds vote of the members present, the Board of Commissioners of the Louisiana Housing Finance Agency may choose to enter Executive Session, and by this notice, the Agency reserves its right to go into Executive Session as provided by law.

Louisiana Housing Finance Agency  
Energy Assistance Committee Meeting  
Wednesday, December 8, 2010  
2415 Quail Drive  
Committee Room 2  
Baton Rouge, LA 70808

**Commissioners Present**

Katie Anderson  
Neal Miller  
Elsenia Young

**Staff Present**

James Droddy  
Loretta Wallace  
Carolyn McQuairter  
Bridget Baker-McGee  
Keith Cunningham  
Darleen Okammor  
Robyn Meschke  
Mary Brooks

**Others Present**

See attached sign-in sheet

Commissioner Katie Anderson called the meeting to order at 9:41 a.m. The minutes of the October 13, 2010 meeting were approved on a motion by Commissioner Young, and seconded by Commissioner Miller. Also the minutes of the November 10, 2010 were approved on a motion by Commissioner Miller, and seconded by Commissioner Young.

**Updates:** Darleen Okammor, Energy Assistance Program Manager, updated the Committee on the progress of the Low Income Home Energy Assistance Program (LIHEAP) and the Weatherization Assistance Program (WAP).

Regarding the Low Income Home Energy Assistance Program (LIHEAP), the LHFA released \$26,681,825, which is the first quarter block grant award under the FY 2011 Continuing Resolution (CR). They are continuing the discussion of whether there will be a full year of appropriations. The Senate has agreed to a two-week extension of the current Continuing Resolution (CR), which is until December 18, 2010. She also mentioned that Louisiana should have funds for the next quarter.

During the week of November 30, 2010, Katherine Foote of the Department of Energy conducted a third quarter monitoring review of the Weatherization and ARRA WAP Program.

Prior to the visit, the LHFA received the April report and there were no findings. Although, Mrs. Foote did express a few concerns regarding written policies and procedures. The Agency is currently preparing a response.

This concluded Ms. Okammor's report.

**LACAP Monthly Reports:**

Jon Phelps, Energy Director, began with an update of the ARRA WAP Max Program, which was included in the Committees' binders. There were several agencies that failed to meet the production quota. They were listed as East Baton Rouge, St. Mary, and Total Community Action Agency. LACAP met with two of the agencies last week in which they were advised of the severity and counseled.

He briefly advised of the training schedule listed in the Committees' binders under expectation number fourteen (14).

Commissioner Anderson advised the Committee as well as informed the attending audience at the request of LACAP the Energy Program's presentation to the full board has been postponed until February due to scheduling conflicts and date changes.

This concluded Mr. Phelps' report.

**The Shaw Group:**

Keith Boeneke, Project Manager, gave a brief highlight of the field monitoring statistics. There has been 1,928 homes completed in the state; out of those 137 have been inspected, which meets the 7% minimum requirement.

**ARRA Reporting Updates:** The October monthly metric report indicated there were 187 full-time equivalent jobs employed as a result of the ARRA Weatherization in the state. He advised that the December monthly report is in process.

Jon Phelps interjected and advised the Committee of a recent visit from one of the Department of Energy's contractors, Simonson Management Services (SMS) to LACAP. They performed a quality services review of eight (8) of the Community Action Agencies, in which the results were favorable.

Commissioner Anderson informed the Committee of the prior monitoring visit by the Department of Energy which resulted in a finding. She requested Keith Cunningham, Legal Counsel, to discuss the premise.

Keith Cunningham informed the Committee and attending audience that the finding indicated that the relationship between LACAP and the Shaw Group to perform the Davis-Bacon monitoring services was improper and the contract for the performance of those services should come directly from the LHFA. Therefore, in alignment with the procurement policies of the

Agency an amendment to the State Plan must take place. The Agency will perform a Request for Proposal (RFP) for the Davis-Bacon monitoring services and bring back to the Board an amended State Plan as well as the persons providing the services and cost amount of those services. It will then go from LACAP's responsibility to provide directly to the Agency's responsibility to provide either through contract or through internal staffing mechanisms.

Commissioner Anderson reiterated the legal department's position regarding the Agency's responsibility for procurement. She also advised that while the processes are being readdressed the Agency asked the Department of Energy for permission to continue allowing the Shaw Group to proceed.

Commissioner Anderson opened the floor to entertain questions and/or comments. There being no other business to discuss, Commissioner Anderson adjourned the meeting at 10:06 a.m.

MONTHLY REPORT TO  
LOUISIANA HOUSING FINANCE AGENCY (LHFA)  
FROM  
LOUISIANA ASSOCIATION OF COMMUNITY ACTION PARTNERSHIPS (LACAP)  
IN ACCORDANCE WITH CONTRACT FOR PROFESSIONAL SERVICES  
FOR THE ARRA WAP MAX  
ADMINISTRATION REQUIREMENTS: EXPECTATION NUMBER 19  
January, 2011

**Expectation Number 19:** In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 19 which states that “Contractor shall present an in-person monthly overview of the progress of the administration and production of the Louisiana WAP MAX Plan to the Energy Assistance Committee of the Board of Commissioners each month. We have submitted the written report to LHFA on December 30, 2010.

Monthly Desk Reviews

**Expectation Number 5:** Contractor shall conduct monthly desk reviews of the Subgrantees using information in the HES database and reports, as requested by Contractor, of Subgrantees. Protocol for monitoring must be agreed upon by LHFA and Contractor. LACAP conducted a desk review for the month of November, 2010, for all Subgrantees.

One Month Failure to Produce

**Expectation Number 6:** For the month of November, 2010, there were three agencies that fell into this category; Allen, APAC and DeSoto. A letter was sent to each agency by LACAP.

Two Month Failure to Produce

**Expectation Number 7:** For the month of November, 2010, two agencies fell into this category, St. John and TCA. A letter was sent, a face-to-face meeting was held and additional training has been discussed with agency management.

Four Month Failure to Produce

**Expectation Number 8:** For the month of November, 2010, no agencies fell into the four month category.

See attached table for Subgrantee ARRA Production.

**Expectation Number 14:** In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 3 which states that “Contractor shall fully execute the training and technical assistance activities included in the state plan.... Contractor shall document all training by subgrantee, by individual trained, by training course and by certificate/ diploma. Contractor shall seek to maintain 60% attendance rates for the classes submitted in the submitted training schedule...”

<u><b>COURSE:</b></u>	<u><b>DATE:</b></u>	<u><b>HOURS:</b></u>	<u><b>TRAINEES/ CERTIFICATIONS:</b></u>	<u><b>COURSE DESCRIPTION:</b></u>
Basic Weatherization	11/02/10-11/04/10	24	11/11	Comprehensive introduction to the principles of energy and the whole-house approach, as well as their application to weatherization services in Louisiana.
Health & Safety	11/16/10-11/17/10	16	11/11	Covers health and safety concerns to the weatherization worker and to the home occupant in Louisiana, including how to address them in the field.
Mobile Home	11/08/10-11/10/10	24	13/13	In this course, participants will learn hands-on how to assess the weatherization needs of typical mobile homes and address those needs using the right tools and measures, taking into consideration priorities and cost. Participants

				will practice carrying out diagnostics, repairing and insulating mobile home bellies, sealing ductwork, and insulating walls and attics of various construction types. Special attention will be paid to client education, safety, and use of the Louisiana Weatherization Procedures Field Guide.
Electric Baseloads	11/9/10	8	6/6	After taking this course, participants will have a thorough understanding of the fundamentals of electricity. They will study home electric baseloads as they relate to client energy usage and bills in Louisiana. Participants will specifically investigate the procedures for repairing, cleaning, and maintaining refrigerators and clothes dryers. They will also understand the range of lighting types and how they affect electric baseloads. Special attention will be paid to client education and safety.
Building Envelope	11/2/10-11/3/10	16	9/9	This course provides the participant with a comprehensive understanding of the building sciences behind such concepts as the thermal envelope, the pressure envelope, air-leakage, and moisture and sun control. Participants will study the house as a system, and learn how to use energy auditing software and tools to pinpoint and prioritize issues within the building envelope that can be addressed through weatherization measures. Participants will practice carrying out diagnostics with a blower door, duct blaster, and infrared camera, as well as hands-on air-sealing techniques.
CAZ	11/30/10-12/01/10	16	12/12	This course covers the testing and documentation of combustion appliance zone (CAZ) depressurization tests. The training consists of classroom instruction and field demonstrations, with the focus on both new and retrofit systems. Field training will demonstrate the testing protocols and allow participants to engage in proper use of the equipment while focusing on pre and post safety

				inspection and gas leak detection relevant to all combustion appliances. Participants will receive an advanced understanding of air leakage and air pressure dynamics, combustion appliance zone (CAZ) depressurization tests, calculation minimum ventilation levels, and proper reporting requirements.
Auditor	11/16/10- 11/17/0	16	5/5	This two day training will cover how to evaluate the energy performance, comfort, safety and structural integrity of the homes being audited for potential retrofit. The course will emphasize how the interaction of the different components of a home creates a larger system that may or may not work as designed. The trainer will cover everything from baseload measures, heat load calculations and diagnostic testing to managing the expectations of customers. This course will give participants the foundation and background information they need to better understand, evaluate and write a scope of work that is appropriate for a given home and the weatherization program in Louisiana.
YouthBuild	11/19/10  11/22/10	3  3	16/16  15/15	Introduction to the principles of energy and the whole-house approach, as well as their application to weatherization services in Louisiana.

**Expectation Number 18:** Contractor shall provide a monthly inventory list of all vehicles, tools and equipment purchased with ARRA funds (10 CFR 440.18, WPN 09-1B) Contractor shall obtain all prior approvals as necessary for equipment purchases in compliance with DOE and State rules and regulations. Also see attached.

Submitted By: Jon Phelps, Energy Director, LACAP
