Date: July 6, 2011

Re: Energy Assistance Program Committee

There will be an Energy Assistance Program Committee meeting, Wednesday, July 13, 2011 at 10:00 a.m. at Louisiana Housing Finance Agency, Committee Room 2, located at 2415 Quail Drive, Baton Rouge, LA.

The following topics will be discussed:

- Energy Programs Activity Summary
- LACAP Monthly Report for Louisiana ARRA/WAP Max
- WAP Production Proposal

If you have any questions or concerns, please contact me.

July 6, 2011

ENERGY ASSISTANCE COMMITTEE MEETING

Notice is hereby given of a regular meeting of the Energy Assistance Committee to be held on **Wednesday, July 13, 2011 at 10:00 A.M.**, Louisiana Housing Finance Agency, **Committee Room 2**, located at 2415 Quail Drive, Baton Rouge, Louisiana, by order of the Chairman.

AGENDA

1. Call to order, roll call, and introduction of guests.
2. Approval of minutes from the May 11, 2011 Committee Meeting.
3. Energy Programs **Activity Summary**.
4. **LACAP** Monthly Report for Louisiana **ARRA/WAP Max**.
5. Discussion regarding **WAP** Production Proposal.
6. Other Business.
7. Adjournment.

Alesia Y. Wilkins-Braxton
LHFA Acting-President

**If you require special services or accommodations, please contact Barry E. Brooks
at (225) 763-8773 or via email bbrooks@lhfa.state.la.us**

Pursuant to the provisions of LSA-R.S. 42:17, upon two-thirds vote of the members present, the Board of Commissioners of the Louisiana Housing Finance Agency may choose to enter Executive Session, and by this notice, the Agency reserves its right to go into Executive Session as provided by law.

Louisiana Housing Finance Agency
Energy Assistance Committee Meeting
Wednesday, May 11, 2011
2415 Quail Drive
Committee Room 1
Baton Rouge, LA 70808

Commissioners Present

Katie Anderson

Other Commissioners Present

Donald Vallee

Staff Present

Darleen Okammor
Robyn Meschke
Loretta Wallace
Carolyn McQuairter
Bridget Baker-McGee
James Droddy
Angela King

Others Present

See attached sign-in sheet

Commissioner Katie Anderson called the meeting to order at 10:09 a.m. The roll was called and a quorum was established. The minutes of the April 13, 2011 meeting were approved on a motion by Commissioner Elsenia Young, and seconded by Commissioner Mayson H. Foster.

Activity Summary Updates

Darleen Okammor, Energy Assistance Program Manager, stated we are currently spending two pots of money: 2010 money and 2011 funds. These funds can be spent over a two-year period and we are in the second year of the 2010, and the first year of the 2011. LACAP is advertising they are taking applications for LIHEAP. Congress wrapped up the FY2011 budget and LIHEAP was funded at \$4.71 billion. That means Louisiana's Allocation is \$51.8 million for regular block grant and \$1.73 million of emergency contingency. The total allocation is \$53.6 million. However, the President's FY2012 request will slash LIHEAP about 50%. In the President's

budget Louisiana will receive \$3.8 million; but the Senate bill will fund LIHEAP at \$2.7 billion and Louisiana's allocation would be \$35.5 million.

Commissioner Foster stated he was under the impression we received an administrative fee for handling WAP funds; then discovered in the budget meeting these are only reimbursable, and a lot of indirect expenses are not reimbursable. He inquired if we have all of these indirect expenses that we are not able to re-coop, why are we acting as a pass-through agency? Why doesn't this go directly to LACAP?

Keith Cunningham, staff attorney responded by stating that the DOE WAP program can only flow through a state agency. We have been designated through legislation and the Governor's directive to operate the program. (At this point, for the record Commissioner Anderson acknowledged the presence of Commissioner Neal Miller, who was not present at roll call, Commissioner Donald Vallee and Commissioner Michael Airhart.) Discussion followed.

Commissioner Vallee commented talked to Collette (Mathis) about doing an audit on the WAP program and on LACAP.

This concluded Ms. Okammor's report.

LACAP Monthly Report

Jon Phelps, Energy Director, began stating expectation #19 was submitted last month. They do monthly desk reviews on these agencies. At some of the checkpoints of the one month failure to produce we had one agency that did not meet their expectations--SMILE Agency of Lafayette. They had 13 out of 20. We have had several meetings with their management to address some of the issues they have.

The two-month failure to produce and the four-months had no agencies in those categories; and the overall production was the highest we've have had 41units exceeding the goal, which is 22 units.

Mr. Phelps stated they have a list of all trainings that have taken place in their training center in March, and details of what was done at those trainings.

At this point Ms. Wallace interjected regarding the WAP MAX program, if the Committee was informed last month) that DOE did clear the Audit Finding as it relates to Davis Bacon; and we will be able to continue operating with LACAP, who contracts this function out to the Shaw Group until the program ends in March 2012.

Commissioner Anderson commented it was discussed at the previous month's meeting that we were asking them to give us some official clearance and they had done so; even though we had proceeded with the RFP, we had not signed any contract to change our process and we are leaving it all in place.

This concluded Mr. Phelps' report.

Technology and Systems Report (Hancock Energy Software)

Commissioner Anderson stated she has been in communication with the staff for the last two months, specifically about the software program. It was brought to their attention that Commissioner Airhart was interested in knowing why we were not using some of the components available under the Hancock Energy Software (HES).

Ms. Okammor gave a report describing the progress of the HES enhancements to manage the completion of the weatherization activities performed by sub-grantees. To assist with the report, the HES contract-Statement of Work was compared to the summary of expenditures to verify the completed work, the HES Statistical reports, and HES responses to questions relative to the Hancock Energy Audit Tool (HEAT).

Her report included: Production as of 3/31/2011 (17 subgrantees), completed work, Software Modules and Training Release Schedule, and work to be completed. Her report also included a list of questions sent to HES and their response, anticipated problems and possible remedies. (A hard copy of her report was provided in Commissioners' binders.)

Discussion followed, including the purchasing of I-Pads and additional hardware. It was stated the money is in the budget for the software.

This concluded the Technical and Systems Report.

There were no other matters to be discussed. Commissioner Foster presented a motion to adjourn and the motion was seconded by Commissioner Young. The meeting adjourned at 10:50 a.m.

MONTHLY REPORT TO
LOUISIANA HOUSING FINANCE AGENCY (LHFA)
FROM
LOUISIANA ASSOCIATION OF COMMUNITY ACTION PARTNERSHIPS (LACAP)
IN ACCORDANCE WITH CONTRACT FOR PROFESSIONAL SERVICES
FOR THE ARRA WAP MAX
ADMINISTRATION REQUIREMENTS: EXPECTATION NUMBER 19
July, 2011

Expectation Number 19: In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 19 which states that “Contractor shall present an in-person monthly overview of the progress of the administration and production of the Louisiana WAP MAX Plan to the Energy Assistance Committee of the Board of Commissioners each month. We have submitted the written report to LHFA on June 30, 2011.

Monthly Desk Reviews

Expectation Number 5: Contractor shall conduct monthly desk reviews of the Subgrantees using information in the HES database and reports, as requested by Contractor, of Subgrantees. Protocol for monitoring must be agreed upon by LHFA and Contractor. LACAP conducted a desk review for the month of May, 2011, for all Subgrantees.

One Month Failure to Produce

Expectation Number 6: For the month of May, 2011, there were two agencies that fell into this category; Desoto (16/17) and Lafourche (0/5). A letter was sent to each agency by LACAP. Desoto actually had the necessary units completed but had issues with reporting.

Two Months Failure to Produce

Expectation Number 7: For the month of May, 2011, one agency, TCA, fell into this category. LACAP has recently performed an extensive monitoring and has worked with TCA to improve production.

Four Months Failure to Produce

Expectation Number 8: For the month of May, 2011, no agencies fell into this category.

See attached table for Subgrantee ARRA Production.

Expectation Number 14: In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 3 which states that “Contractor shall fully execute the training and technical assistance activities included in the state plan.... Contractor shall document all training by subgrantee, by individual trained, by training course and by certificate/ diploma. Contractor shall seek to maintain 60% attendance rates for the classes submitted in the submitted training schedule...”

Basic Weatherization	5/2-5/4	24	11/11	Comprehensive introduction to the principles of energy and the whole-house approach, as well as their application to weatherization services in Louisiana.
Health & Safety	5/5-5/6	16	12/12	Covers health and safety concerns to the weatherization worker and to the home occupant in Louisiana, including how to address them in the field.
Auditor	5/9-5/10	16	4/4	This two day training will cover how to evaluate the energy performance, comfort, safety and structural integrity of the homes being audited for potential retrofit. The course will emphasize how the interaction of the different components of a home creates a larger system that may or may not work as designed. The trainer will cover everything from baseload measures, heat load calculations and diagnostic testing to managing the expectations of customers. This course will give participants the foundation and background information they need to better understand, evaluate and write a scope of work that is appropriate for a given home and the weatherization program in Louisiana.
				This course covers the testing and documentation of

CAZ	5/11-5/12	16	11/11	combustion appliance zone (CAZ) depressurization tests. The training consists of classroom instruction and field demonstrations, with the focus on both new and retrofit systems. Field training will demonstrate the testing protocols and allow participants to engage in proper use of the equipment while focusing on pre and post safety inspection and gas leak detection relevant to all combustion appliances. Participants will receive an advanced understanding of air leakage and air pressure dynamics, combustion appliance zone (CAZ) depressurization tests, calculation minimum ventilation levels, and proper reporting requirements.
Mobile Home	5/24-5/26	24	8/8	In this course, participants will learn hands-on how to assess the weatherization needs of typical mobile homes and address those needs using the right tools and measures, taking into consideration priorities and cost. Participants will practice carrying out diagnostics, repairing and insulating mobile home bellies, sealing ductwork, and insulating walls and attics of various construction types. They will test and service mobile home water heaters and HVAC systems, and install various sun control measures. Special attention will be paid to client education, safety, and use of the Louisiana Weatherization Procedures Field Guide.
HVAC	5/23-5/25	24	4/4	In this course, participants will cover the wide range of appliances, diagnostic techniques, and weatherization measures involved in home heating, venting, and cooling. Participants will learn how to identify mechanical problems

				and safety issues, maintain and clean appliances, replace appliances when necessary, and improve efficiency. Participants will carry out hands-on practice on real appliances and systems, including air conditioners, ovens and ranges, heaters, and water heaters. Special attention will be paid to DOE WPNs and Louisiana-specific HVAC considerations, such as cooling and sun control.
EPA RRP	5/4	8	7/7	This course will show participants how to perform their work in a manner that creates the least amount of dust possible, and how to contain and clean up dust that they do create so that it does not spread throughout the house or to neighboring properties. Upon completion of this course, participants will be able to perform Weatherization in a manner that minimizes creation and dispersal of lead contaminated dust and protects residents, especially children, from possible lead exposure.

Expectation Number 18: Contractor shall provide a monthly inventory list of all vehicles, tools and equipment purchased with ARRA funds (10 CFR 440.18, WPN 09-1B) Contractor shall obtain all prior approvals as necessary for equipment purchases in compliance with DOE and State rules and regulations. Also see attached.

Submitted By: Jon Phelps, Energy Director, LACAP

MONTHLY REPORT TO
LOUISIANA HOUSING FINANCE AGENCY (LHFA)
FROM
LOUISIANA ASSOCIATION OF COMMUNITY ACTION PARTNERSHIPS (LACAP)
IN ACCORDANCE WITH CONTRACT FOR PROFESSIONAL SERVICES
FOR THE REGULAR WAP
ADMINISTRATION REQUIREMENTS: Article 4
July, 2011

Expectation Number 17: In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 17 which states that “Contractor shall present an in-person monthly overview of the progress of the administration and production of the Regular WAP to the Energy Assistance Committee of the Board of Commissioners each month”. We have submitted the written report to LHFA on June 30, 2011.

Monthly Desk Reviews

Expectation Number 5: Contractor shall conduct monthly desk reviews of the Subgrantees using information in the HES database and reports, as requested by Contractor, of Subgrantees. Protocol for monitoring must be agreed upon by LHFA and Contractor. LACAP conducted a desk review for the month of May, 2011, for all Subgrantees.

Quarterly Monitoring of Production Schedule

Expectation Number 6: For the quarter ending March 31, 2011, there were seven agencies that fell into this category, EBR, Lafourche, SMILE, St. John, St. Mary, St. Tammany and Vernon.

Second Quarter Failure to Produce

Expectation Number 7: For two consecutive quarters ending 3-31-11, three agencies, Lafourche, SMILE and St. John, failed to meet production goals. These three agencies have been placed on a watch list and are scheduled for additional counseling on meeting production.

See attached table for Subgrantee Regular WAP Production through May, 2011.

Weatherization Assistance Program

Production Proposal

Regular WAP Grant #EE0000201

Grant Period (July 1, 2009- June 30, 2014)

ARRA/WAP Grant #EE0000122

Grant Period (April 1, 2009 – March 31, 2012)

Submitted by:
LHFA Energy Assistance Department
July 1, 2011

EXECUTIVE SUMMARY

Mission Statement:

To ensure all funds allocated by the Department of Energy, under the American Recovery and Reinvestment Act/Weatherization Assistance Program (ARRA/WAP) are fully expended.

Background: On February 17, 2009, the American Recovery and Reinvestment Act of 2009, Public Law 111-5, was enacted to preserve and create jobs and promote economic recovery. The Recovery Act appropriated five billion dollars in funding for the Department of Energy (DOE) to issue/award a separate formula-based grant to States under the Weatherization Assistance Program over a three year period.

Louisiana's allocation of ARRA funds was **\$50,657,478**, which projected 5136 homes to be weatherized. The deadline for completing all ARRA weatherization work and expending ARRA funds is **March 31, 2012**.

By carrying out the strategy outlined in this proposal, the Agency will assure 100% of ARRA-WAP funds are expended to accomplish the national goals of the Recovery Act. These strategies will not require amending the State Plan.

#1: Re-budgeting Funds

According to CFR 600.230(c)(iii), re-budgeting is permitted within the approved direct cost budget.

Currently, there is approximately \$1.2 million remaining in the vehicle and equipment category that is not expected to be expended by March 31, 2012. LACAP will work with agencies to request budget revisions to transfer funds between budget categories to the program operations category within their budgets to take full advantage of the funding.

Should LACAP determine there will be a surplus of funds in T& TA or any other budget category of the LACAP budget, then LACAP will submit a budget revision request to LHFA, with a justification for relinquishing the funds available to be reallocation to the qualified subgrantees. The budget adjustments should be based on the approved cost allocation plan.

Before amending any public or legal documents, LACAP will conduct a contract performance review to identify potential subgrantees to receive additional funding. The following criteria will be utilized when conducting the contract performance reviews:

1. Status of Production level (Planned units vs. Actual completion)

2. Financial Status (contract budget vs. expenditures)
3. Adherence to the national average cost per unit (DOE - \$6500)
4. Status of financial audits
5. Training compliance (Certifications of workers/sub-contractors)
6. Adherence to labor and wage standards (Davis Bacon)
7. Status of Monitoring Reports (Technical and Fiscal)
8. Compliance with the Historical Preservation prototype
9. Achievement of program goals

After a determination has been made as to which agencies will receive additional funds, which agencies are in need of assistance in meeting production goals and preparation of revised projection schedule; if needed, hold public meetings, make changes to the state plan and amend contracts, etc.

#2: Redistribute Funds

If a subgrantee's production levels fall substantially below projections, LACAP may vigorously enforce the contract performance standards by submitting a draft plan to redistribute funds to LHFA for Board approval

In selecting a new provider, LACAP will consider subgrantees currently administering an effective weatherization program in accordance with 10 CFR 440.15. The factors include, but not necessarily limited to, the following; the extent to which the past or current program achievements have met program goals; the quality of work performed; the number of qualified and experience staff, and capacity to meet new projections and program goals.

#3: Devise a plan to create partnerships between subgrantees to increase production

If it is determined that a work out plan would be more effective and efficient, LACAP will work with the subgrantee to subcontract with another subgrantee to increase production.

In addition to the criteria outlined in **Item #1**, the following requirements will also apply to develop a list of qualified subgrantees to partner with another subgrantee must:

1. The qualified subgrantee has to have completed all of its ARRA units or demonstrate through a written plan the capacity to increase production and meet new projections and goals
2. Be located in close proximity to the service area identified.
3. Have adequate insurance coverage

LACAP will work with agencies revise the total monthly outlays and unit projections through March 31, 2012.

#4: Defer “Regular DOE” production

Since the ARRA-WAP will end March 31, 2012, the Agency is proposing to permit subgrantees to suspend production under the Regular WAP on a case-by-case basis to increase ARRA production, effective July 1, 2011 until March 31, 2012. The Regular WAP will resume on April 1, 2012.

The current “Regular WAP” contract between LHFA and LACAP will be amended to reflect the change. LACAP will amend subgrantee production schedules and quotas under the ARRA WAP and the applicable program year for the Regular WAP.

Funding for the Regular WAP can be carried over, during the grant period, without a loss to unit production. Any funds carried over will increase the unit production, which will create a positive impact on the sustainability of the jobs created or saved under the ARRA WAP.

ACTION PLAN

Strategy	Objectives	Timeframe
#1 Re-budgeting funds	<ul style="list-style-type: none">LACAP will work with agencies to request budget revisions to transfer funds between budget line items to program operations to take full advantage of the funding.Currently, there is approx. \$1.2 million remaining in the vehicles and equipment category that is expected to not be expended by March 31, 2012.	Within next 30 days
#2 Redistribute Funds	<ul style="list-style-type: none">LHFA will direct LACAP to enforce the performance expectation #8 of the contract for agencies, which have been below production in the last four months.The following agencies are in jeopardy of falling into this category: TCA, EBR, and SMILELACAP will submit a draft plan to redistribute units to LHFA for review.	Within next 30 days
#3 Create Partnerships between subgrantees	<ul style="list-style-type: none">LACAP will conduct performance review to identify potential agencies to receive additional funding, if available.Develop a list of qualified agencies.Revise each CAP total monthly outlays and unit projections through 3/2012, using the monthly DOE excel spreadsheet.Prepare a written explanation or analysis.	By August 30, 2011
# 4 Defer “Regular WAP Production	<ul style="list-style-type: none">LACAP will permit agencies to suspend production upon written request on a case-by case basis.	Within next 30 days

- **Production as of 6/22/2011 (Source: HES)**

Grant	End Date	# Planned Units	# Completed Units	%	Remaining Units	%
Regular WAP	6/30/2011	442	458	103.62%	-16	
ARRA-WAP	3/31/2012	5136	3414	66.47%	1722	50.44 %

- **Budget Tracking as of 6/22/2011 (Source: LHFA Accounting)**

CAP Agency	Contract Budget	Total Expended	% Expended	Balance Available
ALL REGULAR WAP FUNDS	4,183,867.00	2,894,339.65	69.18%	1,289,527.35
ARRA/WAP	50,657,478.00	31,141,799.06	61.48%	19,515,678.94

ANALYSIS: Over the last year and 8 months, the monthly average expenditures have been \$975,784 completing an average of 173 units. Based on this trajectory with 9 months remaining in the grant period, LACAP and the CAP agencies will need to expend \$2,168,409 monthly and complete an average of 187 units per month.
