Notes:
1 - Revenues: With only the first quarter's activity, we presently are going to basically maintain our annual projections for revenues.

2 - Expenses:
(a) The Agency currently has 120 employees of the 134.5 budgeted. This, coupled with several of the vacancies being higher level salaries make up nearly all of this variance.
(b) In following the lead of the Governor's Office the Agency has restrained its spending to only items that are absolutely needed. Thus, the Agency is projecting well under budget in all expense categories.
