**WHEREAS**, one purpose of this resolution is to satisfy the requirements of said income tax regulations with respect to the Project set forth in Schedule I hereto:

**NOW THEREFORE BE IT RESOLVED** by the Board of Directors of the Louisiana Housing Corporation, that:

**SECTION 1.** Pursuant to the authority of the Act, and other constitutional and statutory authority supplemental thereto, the Project is hereby approved and the financing of the acquisition, rehabilitation, construction and equipping thereof through the issuance of revenue bonds of the Corporation pursuant to the Act is hereby authorized in one or more series (the “**Bonds**”) and in a sufficient principal amount presently estimated as set forth in Schedule I hereto. It is the intent of this resolution to induce the financing of the Project. ### Project Delays:

The Cypress Parc Development received 2012 tax credits although the Project Schedule submitted with the application contemplated receiving 2011 tax credits. As a result of the 2012 allocation, FBT Community Development Corporation, LLC will have more time to further negotiate and solicit additional financing commitments (i.e. better pricing, better loan terms, less burdensome guarantees, etc.) to ensure that we have the most efficient and financially sound transaction. Further, we are working through zoning matters and hope to have a successful resolution by February 2013.

Developer working with the City of New Orleans to resolve local zoning and permitting issues.

Project has reached a conditional closing on the HOME Funds.

### Project Delays:

The project has not closed yet and we are still anticipating a fall 2013 closing date. We will be submitting a reprocessing application. The reason for this was the original design and development of Pecan Villa was not the best and the project is nowhere near ADA compliant. Our intention is to take the project down to slab and then rebuild. This will give us the opportunity to make the project ADA compliant and accessible and also we will be able to increase the size of the units from the existing 483 sq ft to 540 sq ft. We have had this priced out by a general contract and we remain in budget from our initial application. At the end of the day we feel taking this approach is best for all parties involved especially the residents.

### Staff Comments :

1/06/14 - During a conference call with the development team, the team was advised that delays to the project was approaching 180 days and that a reprocessing is required. The developer will submit by 1/10/14 a reprocessing packet that includes an updated AMEC model and proposal for solving the funding gap.

01/31/14 - A reprocessing request is being considered at the February Board meeting.

03/03/14 - The closing for the project will not occur until late fall 2014. The project received approval by the LHC board at the February meeting for project changes and an extension to the project schedule. The project is moving forward with receiving HUD approval prior to the closing.

03/24/14 - The project has been approved by LHC Board for a Return/Reallocation of credits and an extension to the project schedule. The developer is projecting a late 2014/early 2015 closing.
