EMERGENCY SOLUTIONS GRANTS PROGRAM

PART A. SOLICITATION for OFFERERS - PROGRAM REQUIREMENTS

I. BACKGROUND

The Emergency Solutions Grants Program (ESG P), originally established by the Homeless Housing Act of 1986 to address homelessness among men, women, and children in the United States, was incorporated in 1987 into subtitle B of Title IV of the Stewart B. McKinney-Vento Homeless Assistance Act (42 U.S.C. §§ 11371-11378). On May 20, 2009, President Obama signed the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act, a bill that reauthorized the McKinney-Vento Homeless Assistance programs and substantially revised the Emergency Shelter Grants Program. In its revision, the Emergency Shelter Grants Program was renamed the Emergency Solutions Grants (ESG) program. ESG funds may be used to assist homeless persons and those at risk of becoming homeless. The Emergency Solutions Grant includes the eligible activities of the Emergency Shelter Grant, to which the eligible activities of the Homelessness Prevention and Rapid Re-housing activities have been added.

The State of Louisiana anticipates receiving \$2,253,006.00 in 2015 ESG funds. The current administering agency for the State of Louisiana's funding allocation under this Program is the Louisiana Housing Authority ("LHA" or "Housing Authority") of the Louisiana Housing Corporation (LHC). ESGP regulations provide that the State may not carry on Program activities with its allocated funds but must make all of its grant amounts available to local recipients. Through the establishment of regional allocation pools, in conjunction with a competitive grant award process, funds will be distributed to State recipients to carry out the purposes of the ESG Program. In anticipation of these federal funds, the LHC is inviting cities, parishes and local municipalities to review this Notice of Funding Availability (NOFA).

Organizations interested in applying for 2015 ESG funds awarded to the State are expected to read and carefully analyze all NOFA and grant requirements prior to submitting an application. The LHC also expects applicants to be fully informed of all regulations applicable to ESG, and if funded, to comply with all applicable regulations. In particular, prior to applying, applicants must be familiar with and knowledgeable of the following regulations and program requirements:

- **ESG Regulations: 24 C.F.R. Part 576** – The ESG rule, published in the Federal Register on April 1, 2012, revises the regulations for the Emergency Shelter Grants program by establishing the regulations for the Emergency Solutions Grants program.
- **HEARTH Homeless Definition Final Rule: 24 C.F.R. Parts 91, 582 and 583** – The final rule, published in the Federal Register on December 5, 2011, provides the homeless definition which applies to the ESG program.

II. DESIGN AND PURPOSE

Emergency Solutions Grants funds can be utilized for the following purposes:

- The rehabilitation or conversion of buildings for use as emergency shelter for the homeless;
- The payment of certain expenses related to operating emergency shelters;
- Street outreach for the homeless;

- Homelessness prevention;
- Rapid re-housing assistance;
- Homeless Management Information System (HMIS);
- Administrative costs.

For details on specific activities allowed under this grant refer to the *Eligible Activities* section.

III. ELIGIBLE APPLICANTS

The State of Louisiana has elected to open the FY 15 application process to Continuum of Care Agencies. The State will accept applications for ESG funding from units of local government and Continuum of Care (CoC) Agencies. Grantees may distribute all or part of their grant amounts to private nonprofit organizations for use in eligible Program activities. In an effort to target funding assistance to areas of greatest need, eligible applicants are further defined as jurisdictions with a minimum population of 10,000 according to recent and reliable census figures. Previous recipients of State awards are eligible to apply, however, expenditure patterns and project performance will be taken into consideration when evaluating such applicant's ability to implement, and complete program activities in a timely manner.

IV. ELIGIBLE ACTIVITIES

ESG funds may be used for six program components: A. street outreach, B. emergency shelter, C. homelessness prevention, D. rapid re-housing assistance, E. Homeless Management Information System (HMIS), and F. administrative activities. Per 24 CFR 576.100(b), the total amount of an applicant's budget for street outreach and essential services cannot exceed 60% of their total requested amount. Within a collaborative application, the 60% limit applies to the entire application and not to each partner within the collaborative application. All applicants are required to allocate at least 40% of their award to homeless prevention or rapid re-housing activities.

A. **Street Outreach** – Funds may be used for costs of providing essential services necessary to reach out to unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide urgent non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing or an appropriate health facility.

VI. GRANT AMOUNTS

The LHA shall continue use of a geographic allocation formula in the distribution of the State's ESG funding to ensure that each region of the State is allotted a specified minimum of State ESG grant assistance for eligible ESG projects. However, the formula distribution is not a guarantee of funding award. Competing applications for each region's allocated grant amounts will be evaluated according to selection criteria described in Section XIII. The threshold criteria of 75 points must be obtained in order for a region to be

awarded the full allocation for its region. In order for a region to be considered for bonus award funding, threshold criteria must be met.

For the 2015 NOFA, each geographical allocation formula was reduced by \$200,00.00 in order to create the Rapid Re-housing bonus award. Regional funding amounts for which applications are not received shall be subject to redistribution based on the State's policy priorities.

Grant awards shall be for a minimum of \$25,000. Applicable grant maximums are as follows:

- For applicant jurisdictions of less than 49,000 population, individual grant awards shall not exceed \$50,000.
- For a jurisdiction of over 49,000 population, the maximum grant award shall not exceed the ESG allocation for that jurisdiction's respective region.

Grant specifications, minimum and maximums awards may be revised at LHA's discretion in consideration of individual applicant's needs, total ESG funding requests, and available funding. LHA reserves the right to negotiate the final grant amounts, component projects, and local match with all applicants to ensure judicious use of ESG funds.

VII. DEADLINES FOR USING GRANT AMOUNTS

Each State recipient must have its grant amounts obligated within 180 days of the date on which the State made the grant amounts available to the recipient. **Obligated** means that the grant recipient has placed orders, awarded contracts, received services or entered similar transactions that require payment from the grant amount. Grant amounts that a unit of general local government awards to a private nonprofit organization by a written agreement or letter of award requiring payment from the grant amount are considered obligated.

[**Note:** Program rules stipulate that environmental clearance must be completed before ESG funds may be obligated or expended in projects. The grant award is subject to completion of environmental responsibilities within a reasonable time after notification of the grant award.

VIII. LOCAL MATCH REQUIREMENT

Recipients shall be required to secure matching funds in an amount at least equal to its ESGP funding amounts unless exempted for reasons of severe incapacity to provide matching funds based on information submitted in grant applications. Matching funds must derive from sources other than the Program and be provided after the date of the grant award to the recipient. Funds used to match a previous ESG or ESGP grant award may not be used to match a subsequent grant. **A recipient local government may comply with this requirement by providing the matching funds itself, or through supplementary funds or voluntary efforts provided by nonprofit recipients.**

With respect to possible exemption to matching funds requirements, the LHA shall determine whether an applicant may qualify for this benefit under applicable federal provisions based on information submitted in grant applications.

IX. REQUIRMENT TO USE HOMELESS MANAGEMENT INFORMATION SYSTEM (HMIS)

Congress has directed HUD to improve the collection of data on the extent of homelessness locally and nationally. Communities must collect an array of data including an unduplicated count of homeless persons, analyze their patterns of the use of McKinney-Vento and other assistance, including information on how they enter and exit the homelessness assistance system and assess the effectiveness of that

assistance. In addition to data entry requirements outlined in the HMIS data standards, ESG grantees will also need to collect data performance measurement indicators identified in section IIE. All grantees will receive more prescriptive guidance on additional data elements that must be collected in the HMIS during the contracting process.

The Emergency Solutions Grant Program is included in this mandate. HUD, through a Federal Register Notice, has provided the data and technical standards for HMIS. All areas of the State have access to an HMIS through the local Continuum of Care. **All proposed projects/organizations must provide written certification of their participation in HMIS.** Please note that PL 109-162 protects from disclosure any personally identifying information or individual information collected in connection with services requested, utilized, or denied through grantees' and subgrantees' programs involving victims of domestic violence, dating violence, sexual assault, or stalking, and their families.

X. REPORTING REQUIREMENTS

Each recipient will be required to submit:

- (1) Cost reports listing ESGP expenditures by project and eligible activity category, and describing sources and amounts of matching funds, MUST be submitted by the 15th of each month for the previous month.
- (2) Periodic performance reports on project activities, individuals served, and other information in such manner and form and at such time as may be required by the U.S. Department of Housing and Urban Development and/or by LHA.
- (3) Quarterly Performance Reports and Annual Reports submitted at the end of each quarter and annually.

Optional Rapid Re-housing Bonus Project Funding

LHC is introducing a new optional bonus funding opportunity for recipients. In alignment with federal and state strategic planning priorities, a bonus project of \$200,000.00 will be available to provide short and medium term rental assistance to individuals and families. LHC will make one award to the recipient that demonstrates the most innovative and integrated program design model. Funds may be used to provide housing relocation and stabilization services and short- or medium-term rental assistance to individuals and families lacking a fixed, regular and adequate nighttime residence. The purpose of this funding is to help a homeless individual or family move quickly into permanent housing and achieve stability in that housing.

Funding may be used to support one program design model that may include multiple subgrantees. Rapid Re-housing project applications must demonstrate alignment with the guidelines for the provision of Rapid Re-housing IV(d) of this application. Proposals will be scored on four major scoring components:

- 1) **Innovation**-Projects must demonstrate how they will utilize funding to end homelessness for singles and/or families in their geographic area. Proposals are encouraged to be creative in their program design. The State hopes to identify a program model that could be replicated throughout the State.
- 2) **Project Readiness**-The period of performance for this bonus project is 24 months. Proposals should be able to demonstrate that they are prepared to start the project at the time of grant award.
- 3) **Outcomes**-Grantees should be prepared to report on the outcomes of clients in the program. Grantees should be prepared to submit quarterly reports to LHC on program performance. Special consideration will be given to those grantees that use HMIS to track program outcomes.

- 4) **Budget Justification**-Judicious use of rapid re-housing funds is encouraged. Competitive projects will demonstrate how they can leverage existing relationships and mainstream services to maximize the use of this award.

III Optional Bonus Project Funding-Rapid Re-housing Demonstration Grant

The HEARTH Act identifies rapid re-housing as successful program intervention for Continuums of Care to utilize to end homelessness. Additionally the Department of Veterans Affairs has also identified rapid re-housing as a successful strategy for ending veteran's homelessness through its Supportive Services for Veterans Family Program (SSVF). These sentiments are reinforced through the United States Interagency Plan to End Homelessness whose policy priorities have been adopted by the Louisiana State Interagency Council on Homelessness.

To support these State and federal policy initiatives, LHC is offering a Rapid Re-housing Bonus grant of \$200,000.00 to one recipient. Four scoring components will be considered when reviewing applications: Program Innovation, Project Readiness, Outcomes and Budget Justification.

A. Innovation

LHC is seeking innovative program models that have the potential to be replicated across the state. Proposals must

- Demonstrate how they will utilize funding to end homelessness for singles and/or families in their geographic area.

2015 STATE EMERGENCY SOLUTIONS GRANTS PROGRAM PROGRAM SPECIFICATIONS

PROGRAM PRIORITIES/OBJECTIVES

The following outlines the priorities and objectives for Program funding as set forth in the State's Consolidated Plan for Housing and Community Development Programs.

- Priority:** To give preference in awarding homeless assistance funds and in endorsing grant proposals to those proposed activities and projects which are designed within the context of a regional or community based "Continuum of Care" collaborative process and which are integral to a local "Continuum of Care" resource system.
- Priority:** To give preference to in awarding homeless assistance funding and in endorsing grant proposals to those projects that prevent or reduce homelessness. The availability of rapid re-housing funding reduces the length of time an individual or family spends in homelessness. The availability of ESG funding to provide homeless prevention assistance to prevent a family from losing its housing and becoming homeless.
- Priority:** To align state resources with federal partners, the state established the following priorities for ending homelessness in Louisiana:
- Finish the job of ending chronic homelessness by 2016
 - Prevent and end homeless among veterans by 2015
 - Prevent and end homelessness for families, youth and children by 2020: and
 - Set a path to ending all types of homeless

CONSOLIDATED PLAN

As set forth in 24 CFR Part 91, the U.S. Department of Housing and Urban Development (HUD) requires state agencies which administer certain HUD programs to incorporate their planning processes into one master plan called the Consolidated Plan. The four state agencies participating in this consolidated planning process and the HUD funded program administered by each agency include the Division of Administration/Office of Community Development - Small Cities Community Development Block Grant Program, the Louisiana Housing Corporation - HOME Affordable Housing Program, the Louisiana Housing Corporation - Emergency Solutions Grants Program, and the Dept. of Health and Hospitals/HIV Program Office - Housing Opportunities for People with AIDS program.

A Consolidated Plan was developed which outlines Louisiana's overall housing and community development needs and a strategy for addressing those needs for fiscal years 2015-2019 and included a one year action plan for FY 2015 federal funds. The State has submitted to HUD a proposed FY 2015 Consolidated Annual Action Plan describing the intended method of distribution of FY 2015 funds under the four HUD programs. Copies of the proposed Annual Action Plan are available from the LHC, in Baton Rouge, as well as the other participating State agencies. The Plan is also available on the following website: <http://www.doa.louisiana.gov/cdbg/cdbghome>.

Other Federal Program Requirements

All applicants are expected to carefully read and analyze the following requirements before completing an application. Applicants selected to become subrecipients will have to comply with the following requirements:

1. Area-wide systems coordination requirements - 24 C.F.R. §576.400

Coordination with other Targeted Homeless Services. - 24 C.F.R. §576.400 (b)

Subrecipients must coordinate and integrate, to the maximum extent practicable, ESG-funded activities with other programs targeted to homeless people in the area covered by the Continuum of Care or area over which the services are coordinated to provide a strategic, community-wide system to prevent and end homelessness for that area.

System and Program Coordination with Mainstream resources - 24 C.F.R. §576.400 (c)

Subrecipients must coordinate and integrate, to the maximum extent practicable, ESG funded activities with mainstream housing, health, social services, employment, education, and youth programs for which families and individuals at risk of homelessness and homeless individuals and families may be eligible. Refer to 24 C.F.R. 576.400 (b) for a list of mainstream resources to coordinate ESG activities.

Centralized or Coordinated Assessment - 24 C.F.R. §576.400 (d)

HUD is currently developing requirements for the Continuum of Care to establish a centralized or coordinated assessment system. The minimum requirements for these systems will be published in the upcoming proposed rule for the Continuum of Care program. Although this NOFA does not require ESG subrecipients to use a centralized or coordinated assessment system, subrecipients will be expected to use such a system once the Continuum of Care regulation is published for effect and the Continuum of Care establishes a centralized or coordinated assessment system. A victim service provider may choose not to use the Continuum of Care's centralized or coordinated assessment system. Refer to 24 C.F.R. §576.400 (c) for more details.

2. Written Standards for Providing ESG assistance - 24 C.F.R. §576.400 (e)

Subrecipients must establish and consistently apply within the subrecipient's program, written standards for providing ESG assistance. If an applicant is awarded funds, the selected subrecipient must provide to the LHC a copy of the written standards for providing ESG assistance prior to contract execution. Refer to 24 C.F.R. §576.400(d) for a discussion of the written standards. The standards must include at a minimum:

- Standard policies and procedures for evaluating individuals' and families' eligibility for ESG assistance;
- Standards for targeting for homeless persons and providing essential services related to street outreach;
- Policies and procedures for admission, diversion, referral, and discharge by emergency shelters assisted under ESG, including standards regarding length of stay, if any, and safeguards to meet the safety and shelter needs of special populations, e.g., victims of domestic violence, dating violence, sexual assault, and stalking; and individuals and families who have the highest barriers to housing and are likely to be homeless the longest;
- Policies and procedures for assessing, prioritizing, and reassessing individuals' and families' needs for essential services related to emergency shelter;

- Policies and procedures for coordination among emergency shelter providers, essential services providers, homelessness prevention, and rapid re-housing assistance providers; other homeless assistance providers; and mainstream service and housing providers listed on 24 C.F.R. §576.400(b) and (c);
- Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and rapid re-housing assistance;
- Standards for determining what percentage or amount of rent and utilities costs each program participant must pay, when applicable, while receiving homelessness prevention or rapid re-housing assistance;
- Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time; and
- Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to be provided to a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participant may receive assistance; or the maximum number of times the program participant may receive assistance.

3. Participation in HMIS 24 C.F.R. §576.400(f)

Subrecipients will be required to ensure that data on all persons served and all activities provided under ESG are entered into the applicable community-wide HMIS in the area in which those persons and activities are located, or a comparable database, in accordance with HUD's standards on participation, data collection, and reporting under a local HMIS. Subrecipients are required to enter into an agreement with the local HMIS Administrator for reporting.

Victim service providers are prohibited by law from entering information into the HMIS. Victim service provider or a legal services provider should use a comparable database that collects client-level data over time (*i.e.*, longitudinal data) and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into HMIS or provided to an HMIS administrator.

The comparable database must comply with all current HMIS standards including data information, security, data quality, and processing standards, as established by HUD in its latest HMIS Data Standards guide. Victim Service Providers or Legal Services Providers that are awarded ESG funds must consult with the Continuum of Care and the HMIS administrator for the continuum of care area to ensure that the comparable database uses all the HMIS standards.

4. Evaluation of Program Participant Eligibility and Needs - 24 C.F.R. §576.401

Subrecipients must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability into permanent housing. These evaluations must be conducted in accordance with the centralized or coordinated assessment requirements set forth under 24 C.F.R. 576.400(d) and the written standards established under 24 C.F.R. 576.400(e) and all the guidelines outlined on 24 C.F.R. 576.401(a).

Subrecipients must re-evaluate the program participant's eligibility and the types and amounts of assistance the program participant needs according to the requirements outlined on 24 C.F.R. 576.401(a). Furthermore, each program participant receiving homelessness prevention or rapid-re-

housing assistance is required to meet regularly with a case manager (except where prohibited by Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA)) and the assistance provider must develop an individualized plan to help that program participant retain permanent housing after the ESG assistance ends. These requirements are intended to help ensure that the ESG-funded emergency, short-term or medium-term assistance will be effective in helping program participants regain long-term housing stability and avoid relapses into homelessness.

5. Terminating Assistance - 24 C.F.R. §576.402

If a program participant who receives ESG assistance violates program requirements, the subrecipient may terminate the assistance in accordance with a formal process established by the subrecipient that protects the rights of the individuals affected. Therefore, a formal process must be in place. This applies to all forms of ESG assistance. For more information, refer to the guidelines outlined on 24 C.F.R. §576.402.

6. Shelter and Housing Standards - 24 C.F.R. §576.403

Lead Based Paint Act - 24 C.F.R. §576.403(a)

Lead-based paint remediation and disclosure applies to all ESG-funded shelters and all housing occupied by ESG participants. The Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851-4856), and the relevant subparts of the implementing regulations at 24 C.F.R. Part 35, Subparts A, B, H, J, K, M and R apply to activities under this grant program. The subrecipient must also comply with the Lead, Renovation, Repair, and Painting Program Final Rule, 40 C.F.R. Part 745, where applicable.

Minimum Standards for Emergency Shelters and for permanent housing 24 C.F.R. §576.403(b)&(c)

Emergency shelters that receive assistance for shelter operations are required to meet habitability standards. If ESG funds are used to help a program participant remain in or move into permanent housing, that housing must also meet habitability standards. The minimum standard for emergency shelters and permanent housing include standards for structure and material, access, space and security, interior air quality, water supply, sanitary facilities, thermal environment, illumination and electricity, food preparation, sanitary conditions and fire safety. Shelters renovated with ESG funds are also required to meet state or local government safety and sanitation-standards as applicable, and use energy-efficient materials including Energy Star and WaterSense products and appliances. Refer to 24 C.F.R. §576.403 for details on the housing standards.

Access

Shelters receiving ESG funds must also meet the accessibility standards under Section 504 of the Rehabilitation Act of 1973 (5 U.S.C. 794), The Fair Housing Act (42 U.S.C. 3601 et seq.) and Titles II and III of the Americans with Disabilities Act (42 U.S.C. §§ 12131-12189; 47 U.S.C. 155, 201, 218 and 255).

A subrecipient shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities. Subrecipients are also required to provide reasonable accommodations for persons with disabilities in order to enable program participants with a disability to have an equal opportunity to participate in the program or activity. Subrecipients that undertake alterations to shelters may be subject to additional accessibility requirements in accordance with 24 C.F.R. Part 8. In certain instances, subrecipients undertaking alterations may be required to ensure that 5 percent of the total sleeping areas, such as 5 percent (or at

least one) of the sleeping rooms where a number of sleeping rooms are provided, and 5 percent (or at least one) of the total number of sleeping areas such as beds, where a number of beds are provided in a room, are accessible for persons with mobility impairments and that an additional 2 percent of the total individual sleeping areas are accessible for persons with visual impairments. The 2010 Americans with Disabilities Act Standards apply and require an additional level of accessibility in certain shelters.

7. Conflicts of Interest - 24 C.F.R. §576.404

Subrecipients will be expected to follow the conflict of interest standards outlined in 24 C.F.R. §576.404 related to the provision of ESG assistance, and procurement of goods and services. All contractors of the subrecipient must comply with these same requirements.

8. Homeless Participation - 24 C.F.R. §576.405

Subrecipients must comply with 24 C.F.R. §576.405, paragraphs (a)(b) and (c).

9. Faith-Based Activities 24 C.F.R. §576.406

Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to receive ESG funds. The State will not discriminate against an organization on the basis of the organization's religious character or affiliation.

Organizations that are directly funded under the ESG program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under ESG. If an organization conducts these activities, the activities must be offered separately, in time or location, from the programs or services funded under ESG, and participation must be voluntary for program participants.

Any religious organization that receives ESG funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that the religious organization does not use direct ESG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide ESG-funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, an ESG-funded religious organization retains its authority over its internal governance, and the organization may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

An organization that receives ESG funds shall not, in providing ESG assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief. When using ESG fund for the rehabilitation of structures, faith-based organizations will be expected to follow the guidelines outlined on 24 C.F.R. §576.406.

10. Economic Opportunities for Low and Very-Low Income and Homeless Persons (Section 3) - 24 C.F.R. §576.407(a)

To the extent that any housing assistance funded through this NOFA is used for housing rehabilitation or housing construction or other public construction, then it is subject to Section 3 of the Housing and Urban Development Act of 1968, and the implementing regulations at 24 C.F.R. Part 135.

11. Affirmative Outreach - 24 C.F.R. §576.407(b)

Subrecipient must make known that use of the facilities, assistance, and services are available to all on a nondiscriminatory basis and must take appropriate steps to ensure effective communication with persons with disabilities. Subrecipients must follow the requirements outlined in 24 C.F.R. §576.407(b).

12. Improving Access to Services for Persons with Limited English Proficiency (LEP) - 24 C.F.R. §576.407(b)

Executive Order 13166 seeks to improve access to federally assisted programs and activities for individuals who, as a result of national origin, are limited in their English proficiency. Organizations obtaining ESG funds shall take reasonable steps to ensure meaningful access to their programs and activities to LEP individuals, regardless of language spoken. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. Subrecipients must follow the requirements outlined on 24 C.F.R. §576.407(b). HUD published Final Guidance to Federal Financial Assistance Requirements Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons in the Federal Register on January 22, 2007 (72 F.R. 2732).

13. Uniform Administrative Requirements - 24 C.F.R. §576.407(c)

The requirements of 24 C.F.R. Part 85 apply to subrecipients that are units of general purpose local government, except that 24 C.F.R. §85.24 and §85.42 do not apply, and program income is to be used as match under 24 C.F.R. §85.25(g). The requirements of 24 C.F.R. Part 84 apply to subrecipients that are private nonprofit organizations, except that 24 C.F.R. §84.23 and §84.53 do not apply, and program income is to be used as the nonfederal share under 24 C.F.R. §84.24(b). These regulations include allowable costs and non-Federal audit requirements.

14. Environmental Review Responsibilities - 24 C.F.R. 576.407(d)

Activities are subject to environmental review by HUD under 24 C.F.R. Part 50. The subrecipient shall supply all available, relevant information necessary for HUD to perform for each property any environmental review required by 24 C.F.R. Part 50. The subrecipient also shall carry out mitigating measures required by HUD or select alternate eligible property. HUD may eliminate from consideration any application that would require an Environmental Impact Statement (EIS)

15. Procurement of Recovered Materials - 24 C.F.R. §576.407(f)

Subrecipients and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired in the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an

affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

16. Displacement, Relocation, and Acquisition 24 C.F.R. 576.408

Consistent with the other goals and objectives of Emergency Solutions Grant (ESG), the subrecipient must assure that it has taken all reasonable steps to minimize the displacement of persons (families, individuals, businesses, nonprofit organizations, and farms) as a result of a project assisted under Emergency Solutions Grant (ESG). Subrecipients must follow the requirements in 24 C.F.R. 576.408 related to temporary relocation (not permitted), relocation assistance for displaced persons and real property acquisition requirements, and appeals, and the requirements identified in the LHC's Consolidated Plan. For more information, see the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4201 – 4655) (URA), its implementing regulations at 49 C.F.R. Part 24, Subpart B, and HUD Handbook 1378.

17. Recordkeeping and Reporting Requirements - 24 C.F.R. 576.500

Subrecipients will be required to show compliance with the program's regulations through the appropriate records, including documentation of homeless status, at risk of homelessness status and the program's participants income. The subrecipient must have policies and procedures to ensure the requirements outlined in 24 C.F.R. 576.500 are met. In addition, sufficient records must be established and maintained for a minimum of five years to enable the LHC and HUD to determine whether ESG requirements are met.

18. Matching Requirements 24 C.F.R. 576.201

ESG subrecipients must match their award amount with an equal or greater amount of resources from other than ESG funds. ESG applicant organizations must demonstrate access to resources that may be used as match after the start date of the grant award. Matching funds used for this ESG project may not be used to match any other project or grant.

Eligible Sources of Matching

Matching contributions may be obtained from any source, including any Federal source other than the ESG program, as well as state, local, and private sources. However, the following requirements apply to matching contributions from a Federal source of funds:

The recipient must ensure the laws governing any funds to be used as matching contributions do not prohibit those funds from being used to match Emergency Solutions Grant (ESG) funds.

- If ESG funds are used to satisfy the matching requirements of another Federal program, then funding from that program may not be used to satisfy the matching requirements 24 C.F.R. §576.201

Recognition of Matching Contributions

- In order to meet the matching requirement, the matching contributions must meet all requirements that apply to the ESG funds provided by HUD, except for the expenditure limits in 24 C.F.R. §576.100.
- The matching contributions must be provided after the date of the grant award.
- To count toward the required match for the Subrecipient's fiscal year grant, cash contributions must be expended within the expenditure deadline in 24 C.F.R. §576.203, and noncash contributions must be made within the expenditure deadline in 24 C.F.R. 576.203.

- Contributions used to match a previous ESGP or ESG grant may not be used to match a subsequent ESG grant.
- Contributions that have been or will be counted as satisfying a matching requirement of another Federal grant or award may not count as satisfying the matching requirement of this section.

Eligible types of Matching Contributions

The matching requirement may be met by one or both of the following:

1) Cash Contributions: Cash expended for allowable costs, as defined in OMB Circulars A-87 (2 C.F.R. Part 225) and A-122 (2 C.F.R. Part 230), of the subrecipient. Examples of cash contributions include private donations or grants from foundations, nonprofits, or local, state, and federal sources. A single grant may serve as the required match.

2) Non-cash contributions. The value of any real property, equipment, goods, or services contributed to the Subrecipient's ESG program, provided that if the subrecipient had to pay for them with grant funds, the costs would have been allowable.

Calculating the amount of noncash contributions.

Some non-cash contributions are real property, equipment, goods, or services that, if the recipient or subrecipient had to pay for them with grant funds, the payments would have been indirect costs. Matching credit for these contributions must be given only if the recipient or subrecipient has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of those contributions.

Costs paid by program income.

Costs paid by program income received during the grant period shall count toward meeting the Subrecipient's matching requirements, provided the costs are eligible ESG costs that supplement the Subrecipient's ESG program.

19. Applicability of OMB Circulars – Subrecipients must follow the policies, guidelines and requirements established in the following OMB circulars:

For Local Governments

- 2 C.F.R. part 225 (OMB Circular A-87): Cost Principles for State, Local and Indian Tribal Governments
- OMB Circular A-102, Common Rule: Uniform Administrative Requirements for Grants and Agreements to State and Local Governments
- OMB Circular A-133: Audits of States, Local Governments and Non-Profit Organizations

20. Single Audit Requirement - OMB Circular A-133

An applicant organization that spends more than \$500,000 in *federal or state funds* during its fiscal year must have a single audit conducted for that year. If a single audit is required for an organization, a portion of the audit cost may be included in the proposed ESG budget.

An applicant organization that *does not exceed* the \$500,000 federal or state fund expenditure threshold is exempt from the single audit requirements. In this case, audit costs may **not** be included in the proposed ESG budget.

An applicant organization must include its most recent complete audit report and if applicable, a management letter as part of the financial documentation for this application. If your agency is not required to have a single audit performed, the application must include the end-of-the-year financial statements (balance sheet, income statement, and statement of cash flow). For details on financial attachments to include as part of the application, follow instructions in the Application document.

21. Financial Accountability 2 C.F.R. Part 215 (Non-Profits) & OMB Circular A-102 (Local Governments)

Selected awardees will be expected to have a functioning accounting system that provides for each of the following:

- Accurate, current, and complete disclosure of the financial results of each federally sponsored project;
- Records that identify adequately the source and application of funds for federally sponsored activities;
- Effective control over and accountability for all funds, property, and other assets;
- Comparison of outlays with budget amounts;
- Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the use of the funds for program purposes;
- Written procedures for determining the reasonableness, allocability, and allowability of costs;
- Accounting records, including cost accounting records, which are supported by source documentation.
