*Re: Eagle Point Development VII Limited Partnership - Preliminary Commitment*

Dear Mr. Collins:

This letter is a preliminary commitment from the National Equity Fund, Inc. (NEF) for your proposed affordable housing LIHTC project, Villages at Eagle Pointe VII in Bossier City, Louisiana.

NEF, an affiliate of the Local Initiatives Support Corporation (LISC), was incorporated in 1987 with the mission to identify and develop new sources of financing to help provide affordable housing for the low income families and to assist non-profit organizations in creating this housing. NEF has worked with over 700 local development partners in forming partnerships which acquire, develop, rehabilitate and manage low-income rental housing. Since the enactment of the Federal Low Income Housing Tax Credit in 1986, NEF has raised more than \$12.4 billion in equity and invested it in more than 2,400 affordable housing projects in 46 states, including Washington, D.C. and Puerto Rico.

Described below are the basic terms, conditions and assumptions of this preliminary commitment:

- Villages at Eagle Pointe VII is a 76 unit, new construction, family project available to residents with incomes at or below 60% of the applicable Area Median Income. All units will be LIHTC units.
- The project will be owned by Eagle Point Development VII Limited Partnership. The General Partner will be an affiliate of Bossier Housing Corporation with an .01% interest. The Limited Partner will be NEF Assignment Corporation with a 99.99% Limited Partner interest.
- NEF proposes to be the Federal tax credit investor with an equity investment of \$2,360,462 which represents a price of \$0.92 based upon an annual allocation of Federal low income housing tax credits of approximately \$256,598. The final timing and amounts of equity payments are expected to be 15% at closing, 35% at 50% construction completion, 35% at 100% construction completion and 15% at stabilization/8609 issuance.
- Developer Fee - The current projections indicate payment of developer fee in the amount of \$1,150,896 and a deferred developer fee of \$571,401.
- Reserves - The project will capitalize an operating reserve equivalent to six months of operating expense, replacement reserves and debt service.

- NEF will charge no syndication fees to the project's development budget except for legal and due diligence fees of \$55,000. NEF will require the partnership to pay an annual asset management fee of \$5,000 (increasing annually at 3%) for its annual review of compliance and reporting obligations to the project's investors.
- **Guaranties and Adjusters.** NEF will require the General Partner and guarantors acceptable to NEF to provide guaranties of development completion, operating deficits, and the repurchase of NEF's interest if the project fails to meet basic tax credit benchmarks. The project's partnership agreement will include adjusters to the Limited Partner's capital contributions if there is a change in the agreed upon amounts of total projected tax credits or projected first year credits.

A final determination of our investment will depend upon confirmation of the project's assumptions; a full underwriting of the Project, the development team and their financial statements; the review of plans and specifications; the commitment for all other sources of financing; the development schedule; review of due diligence materials; successful negotiation of the partnership agreement and approval by our Investment Committee and by the investors.

We look forward to the opportunity to be your partner in this project and in working together to create affordable housing.

Sincerely,

David C. Martin

## LOUISIANA HOUSING CORPORATION

### 2016 SPRING AFFORDABLE HOUSING INITIATIVE NOTICE OF FUNDING AVAILABILITY

**RELEASE DATE: May 11, 2016**

The Louisiana Housing Corporation (LHC or Corporation) hereby releases this Notice of Funding Availability (NOFA) for the Preliminary Commitment of **at least \$4,000,000** of HOME Investment Partnership Program funds (HOME Funds). This NOFA is designed to provide funding to projects located in non-HOME entitlement areas (Non-PJs). Should however no projects are submitted for non-entitlement areas or projects from such areas are insufficient to use all available funds, projects from HOME entitlement areas may be considered.

The Louisiana Housing Authority (LHA) has Permanent Supportive Housing (PSH) Project-Based Vouchers (PBV) to award through this NOFA. PSH/PBVs will only be awarded to affordable rental housing developments that have a minimum number of 1 bedroom units available to serve households in need of PSH as supported by the market study for the development. Specific requirements for receiving an award of PBS/PBV are included in the Rental Development section of this NOFA.

The NOFA is expected to address a portion of the unmet housing needs of the state by soliciting for-profit developers, units of local government, experienced non-profit organizations and community housing development organizations (CHDOs) interested in undertaking affordable rental housing development across the state. This NOFA does not specifically target CHDOs; however, an applicant of CHDO sponsored affordable housing development may apply.

Interested parties will submit applications for the development, construction/rehabilitation and management of all phases of an affordable rental housing development, including the planning, program administration, program documentation, applicant intake and financing necessary to receive an investment of HOME Funds. HOME Funds will only be awarded in connection with the issuance by the LHC of Tax-Exempt Bonds pursuant to Section 142(d) of the Internal Revenue Code (Code) and the allocation by the LHC of Low Income Housing Tax Credits (LIHTCs) pursuant to Section 42(h)(4) of the Code.

The NOFA will be posted to the LHC website no later than 4:30 P.M. C.S.T. on Friday, May 13, 2016. LHC strongly encourages, but does not require, that all potential applicants attend the 2016 Spring Affordable Housing Initiative NOFA Orientation Workshop, scheduled for May 18, 2016, at 10:00 A.M. C.S.T., at the headquarters of the Louisiana Housing Corporation (2415 Quail Drive, Baton Rouge, Louisiana 70808).

**If you require special services or accommodations, please submit request via e-mail to Desiree Armstead at [darmstead@lhc.la.gov](mailto:darmstead@lhc.la.gov).**

**Applications shall be received no later than 4:00 P.M. C.S.T. on June 13, 2016. Successful applicants will be awarded HOME Funds no later than July 13, 2016.**

All HOME Funds will be awarded in the form of a soft cash flow loan payable from Surplus Cash. HOME Funds will accrue interest at a rate not exceeding the long-term applicable federal rate (AFR) and will be payable from not less than 50% of Surplus Cash so that at the end of the term of and hard first Mortgage Note the unpaid balance of such Note will not exceed 80% of the residual value of the project. Any deferred developer fees will be paid from Surplus Cash in conjunction with the repayment of the soft cash flow loan, preferably within the ten year credit period for LIHTCs, but not later than initial fifteen year compliance period for LIHTCs.

## **2016 SPRING AFFORDABLE HOUSING INITIATIVE**

### **GOALS AND OBJECTIVES**

The NOFA is designed to address a portion of the unmet affordable rental housing needs of the state, particularly in rural areas that have had no new multifamily housing developments within the last ten (10) years, by expanding and sustaining the supply of affordable rental housing units throughout the state. The objective of this NOFA is to:

- Create and preserve existing affordable housing with emphasis on developments with project based Section 8 Contracts;

Provide funding to meet housing needs of persons that are most burdened or subject to sub-standing housing.

All developments funded through this NOFA must benefit very low and low income persons. HUD defines "very low income" residents as those families whose total household income, adjusted for family size, does not exceed 50% of the area median income. HUD defines "low income" residents as those families whose total household income, adjusted for family size, and does not exceed 80% of the area median income.

### **FUNDING**

**No less than \$4,000,000** in HOME funds will be made available through this NOFA. The Corporation, at the discretion of its Board of Directors, may increase this amount dependent on the quality and number of viable applications received.

No affordable rental housing development will be awarded more than \$1,350,000 in HOME Funds. The highest scoring projects will be awarded until the funds are exhausted.

An applicant receiving funds under this NOFA will be expected to maintain the fiscal, physical and managerial soundness of the affordable rental housing development receiving the HOME Funds for the longer of the period of affordability or the maturity of any loan or guaranty financing provided by the

LHC. Applicants must assure compliance with all federal cross cutting and LHC regulatory and administrative requirements, including but not limited to:

- Implementing the project or program activity as proposed in the submitted application;
- Ensuring compliance with all reporting requirements;
- Managing fund disbursement and accounting;
- Preparing work specifications;
- Conducting inspections;
- Affirmatively marketing;
- Program administration;
- Program documentation;
- Applicant intake; and
- Ensuring that all HOME requirements are met for the entire affordability period applicable to the project.

#### **ELIGIBLE USES**

HOME Funds awarded under this NOFA will only reimburse costs incurred to develop a project. No HOME Funds will be advanced to reimburse a project cost unless the electronic Funds Requisition Form with back-up invoices and receipts is submitted and approved. No funds will be disbursed until all funding commitments and grant agreements are signed, and environmental conditions are satisfied.

The purchase of land is an eligible use of funds under this NOFA; however, in no case will the entire award to an activity under this NOFA be allowed for **only** the acquisition of land.

Construction/Rehabilitation costs must be included as a budgeted item and approval must be drawn on a pari passu basis with other permanent funding sources.

#### **INELIGIBLE USES**

HOME Funds cannot be used to purchase land from a person or person within an entity that has an identity of interest with the applicant.

Properties previously financed with HOME Funds during their affordability periods cannot receive additional HOME assistance unless assistance is provided within the first year after project completion.

HOME Funds may not be used for development, operations or modernization of public housing financed under the 1973 Act (Public Housing Capital and Operating Funds).

Projects that previously received funding from LHC are ineligible to apply during this round.

## **RENTAL DEVELOPMENT**

Affordable Rental housing developments must meet the affordability requirements of this section:

1. Rent for HOME Funds-assisted units must not exceed 30% of the adjusted income of a family whose annual income equals or is less than 65% of the area median income as determined by HUD, adjusted by bedroom size. HUD provides annual HOME rent limits that include average occupancy per bedroom and adjusted income assumptions. For purposes of this initiative, HOME rent limits and requirements will be used for all HOME Funds-assisted units.
2. In affordable rental housing developments with 5 or more HOME Funds-assisted units, 20% of the HOME-assisted units must be occupied by very low income families and meet one (1) of following rent requirements:
  - a. The rent does not exceed 30% of the annual income of a family whose income equals 50% of the median income for the area, as determined by HUD, with adjustments for smaller and larger families. HUD provides the HOME rent limits which include average occupancy per unit and adjusted income assumptions.
  - b. The rent does not exceed 30% of the family's adjusted income. If the unit receives federal or state project-based rental subsidy and the very low income family pays as a contribution toward rent not more than 30% of the family's adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the federal or state project-based rental subsidy program.
3. PBV may be awarded to projects that have one-bedroom units available to serve households in need of PSH. In addition to the unit size the project must be close to public transportation and health care. No more than 25% of the units in a project can be set aside for PSH PBVs. Projects that request PBVs will be reviewed by the PSH Executive Management Counsel and the with PSH/PBV waiting list to ensure the project is in a location where services are accessible and people in need of PSH want to live. The project must satisfy the glossary definition for "Permanent Supportive Housing".

## **FINANCIAL SUSTAINABILITY**

**Applicants unable or unwilling to provide the required information indicated below will not be funded under this NOFA.**

## **PERFORMANCE BOND**

Each funded application that receives an award of HOME Funds will be required to post a performance bond during the period of construction sufficient to cover the HOME Fund award or provide proof of minimum net financial resources as indicated below.

## **MINIMUM NET FINANCIAL RESOURCES**

In lieu of a performance bond, demonstration of minimum net financial resources is an option for a person or entity alone or in combination with other persons or entities having net assets equal to the applied for HOME Fund Loan **and** who has unrestricted liquid assets at least equal to 10% of the applied for HOME Fund Loan. Applicants must provide proof through submittal of certified audited financials.

## **MANDATORY ACTIVITIES & THRESHOLD REQUIREMENTS**

### **CROSS CUTTING FEDERAL REQUIREMENTS**

All applicants shall comply with the following:

1. Environmental clearance;
2. Uniform Residential Requirements as applicable;
3. Feasibility and viability; and
4. Market studies.

### **THRESHOLD REQUIREMENTS**

1. Applicants must complete and submit the LHC LIHTC electronic application and Bond application with the LHC simultaneously by no later than **June 13, 2016 at 4:00 CST**. Applicants must provide the required performance bond or provide proof of minimum financial requirements at start of construction.
3. Projects with multiple environmental issues will cause the award of HOME Funds to be canceled.
4. Projects involving the relocation of tenants must include in the application submittal a relocation plan and evidence in the project's Sources and Uses the costs associated with the relocation of tenants. Applicants must provide a copy of the HUD required General Information

Notice in the application package. The budget for relocation must be included in the application and the expected cost must be reasonable.

5. Projects shall prove that water and sewer services will be provided upon completion by submitting the following:

- a. Letter from the local service provider; or
- b. Architectural submission.

#### **CAPITAL NEEDS ASSESSMENT – REHABILITATION PROJECTS ONLY**

**A capital needs assessment must be submitted at the time of application for all rehabilitation projects.**

An independent, experienced third party must perform the Capital Needs Assessment and this party cannot have a financial interest in ownership of the development (i.e. not a member of the development team). It is required that a licensed professional, such as an engineer/architect, perform the assessment and supply the LHC with their professional opinion of a property's current overall physical condition. This includes the identification of significant deferred maintenance, existing deficiencies, and material building code violations that affect the property's use and its structural or mechanical integrity.

The assessment shall include a site visit and physical inspection of the interior and exterior of units and structures, as well as an interview with available on-site property management and maintenance personnel to inquire about past repairs/improvements, pending repairs and existing or chronic physical deficiencies. The assessment should include an opinion as to the proposed budget for recommended improvements and should identify critical building systems or components that have reached or exceeded their expected useful lives. The assessment should also include recurring probable expenditures for significant systems and components impacting use and tenancy, which are not considered operation or maintenance expenses, in order to determine the appropriate replacement reserve deposits on a per unit per year basis.

The following components should be specifically examined in the Capital Needs Assessment:

1. Site, including topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, sewer, storm drainage, gas, and electric utilities and lines;
2. Structural systems, both substructure and superstructure, including exterior walls and balconies, exterior doors and windows, roofing system, and drainage;

4. Mechanical systems, including plumbing and domestic hot water, HVAC, electrical, and fire protection; and
5. Elevators and/or stair wells (if applicable).

## **CHANGES TO PROJECT AFTER AWARD**

Any changes to a project, including but not limited to unit count and configuration, after the notice of award must be approved in advance by the Corporation in writing. Changes made without the prior written approval of the Corporation will result in the cancelation of the project and the recapture of all awarded funds.

## **STRICTLY ENFORCED DEADLINES**

For awards under this NOFA, LHC will **strictly adhere** and impose deadlines for committing and expending funds based upon the activity proposed and other information provided in the application. Any funds not committed or expended within these timeframes will be recaptured by the Corporation.

1. A complete environmental review package including but not limited to a Phase I and 24 CFR Part 58 review (in a binder with tabs) is sent to Agaha Brass, Environmental Impact Officer, via mail to 2415 Quail Drive, Baton Rouge, LA 70808, (using a tracking service) and emailed to HOME@lhc.la.gov with tracking information within one hundred and twenty days (120) of this Conditional Commitment. Incomplete submissions will not be deemed as a submission and will not meet the 120 day requirement. Furthermore, the submission must contain the appropriate acknowledgment form (Exhibit C- Environmental Review + Davis Bacon and Related Acts Requirements Letter\_Template.pdf).
2. Financial closing at which all other sources of funds in the Development Budget are fully documented for the Project does not occur within one hundred eighty (180) days of this Conditional Commitment.

Developer Fee-Fifty percent (50%) of the reimbursable portion of the developer fee will be paid at project completion. The remaining fifty percent (50%) will be paid once all "HOME" assisted units have been initially leased to eligible tenants.

**NOTE: IF ANY OF THE ABOVE REFERENCED TIMELINES/REQUIREMENTS ARE NOT MET IT WILL RESULT IN AN AUTOMATIC RECESSION OF THE CONDITIONAL COMMITMENT.**

## **COMPLETED PROJECTS**

Projects are considered complete only after all units identified in a single project are at 100% Construction and occupied by an eligible tenant.

## **REGULATORY AUTHORITY & REQUIREMENTS**

All applications under this NOFA are governed by the 2016 Qualified Allocation Plan, HOME regulations and Final HOME Rule dated July 24, 2013, as amended (24 CFR Part 92). Modification of federal statutes or regulations governing the HOME Program by Congress, the Department of Housing and Urban Development (HUD), the state legislature, or LHC may become effective immediately and apply to the activities funded under this NOFA.

All HOME Funds must be spent in accordance with HOME Program rules and regulations on eligible HOME activities.

All dwelling units assisted with HOME Funds shall comply with the applicable federal, state, and local codes and ordinances, the rules and regulations for affordable housing set forth at 24 CFR 92.254, Subpart H--"Other Federal Requirements" (such as Affirmative Marketing, Lead-Based Paint Poisoning Prevention Act), and the rules and regulations set forth in 24 CFR Part 92 including Model Energy Code.

This NOFA does not include the text of all applicable regulations that may be important to particular projects. For proper completion of the application, LHC strongly encourages potential applicants to consult the federal HOME Program regulations, and other federal cross-cutting regulations (referred to in Subpart H of the federal HOME regulations). Applicants should also consult the state Uniform Multifamily Regulations (UMRs).

## **SITE DEVELOPMENT REQUIREMENTS**

Pursuant to 24 CFR §92.251, single-family new construction housing that is financed by HOME Funds must meet all applicable local building codes and building and zoning ordinances in effect at the time of project's completion. In the absence of a locally adopted building code, the project must meet the 2000 International Residential Code.

## **AFFORDABILITY REQUIREMENTS**

The affordability period for each newly-developed unit is based on the amount of HOME Funds invested pursuant to 24 CFR §92.254. In the event that the housing unit is sold, the Corporation will recapture the shared net proceeds available based on the requirements of 24 CFR §92.254 and the housing unit must be sold for an amount not less than the current appraised value as then appraised by the appropriate governmental authority unless the balance on the loan will be paid at closing.

## **MINIMUM HOME ASSISTANCE PER UNIT**

The minimum HOME assistance amount per unit may not be less than \$1,000. The number of HOME units will be determined by dividing the total amount of HOME Funds by the total

permanent sources and applying the resulting percentage across all bedroom configurations. Each calculation is rounded up to the next whole number.

### **HOUSING CHOICE OPPORTUNITIES**

Projects awarded HOME Funds must comply with Title VI of the Civil Rights Acts of 1964, the Fair Housing Act, Section 504, Executive Order 11063 and HUD regulations issued pursuant thereto so as to promote greater choice of housing opportunities.

### **UNIFORM RELOCATION AND REAL PROPERTY ACQUISITION ACT**

If HOME Funds are proposed to pay for acquisition costs and activities, the Applicant follows the procedures of the Uniform Relocation and Real Property Acquisition Act to acquire the project site. The procedures must be followed prior to the site acquisition. HOME Funds cannot be used to pay or reimburse an applicant for site acquisitions activities that do not comply with the requirements of the Uniform Act.

### **DAVIS BACON PREVAILING WAGE RATE COMPLIANCE**

If HOME Funds are awarded for rehabilitation and renovation cost activities or new construction of 12 or more housing units, the project budget costs must be based on the prevailing wage residential rates.

### **UNIFORM PHYSICAL PROPERTY CONDITION STANDARD**

Housing that is constructed or rehabilitated with HOME Funds must meet all applicable local codes, rehabilitation standards, ordinances, and zoning ordinances at the time of project completion. If there are no such standards or code requirements, the housing must meet the Uniform Physical Property Condition Standard for the entire affordability period.

### **ACCESSIBILITY REQUIREMENTS**

All funded projects must meet the accessibility requirements at 24 CFR Part 8, which implements Section 504 of Rehabilitation Act of 1973 (29 U.S.C. 794) and covers multifamily dwellings, as defined at 24 CFR 100.201, and must also meet the design and construction requirements at 24 CFR 100.205, which implement the Fair Housing Act (42 U.S.C. 3601-3619). These requirements must be met for the entire affordability period.

### **CHDO SET-ASIDE REQUIREMENTS**

The New Final Rule at 24 CFR Part 92 imposed new requirements on projects that receive funds from the HOME Investment Partnerships Program. Community Housing Development Organizations must demonstrate staff with capacity to undertake the proposed activity. CHDOs

may use contracted staff to meet the capacity requirements. Contracted staff must be so contracted for a period of time and not for a particular project.

NOTE: Any changes in staff subsequent to the CHDO's designation must be fully disclosed within the application. See below for a summary of CHDO requirements in the event of changes within the CHDO organization:

#### **STAFF DEVELOPMENT EXPERIENCE**

1. Staff classification and documentation – To be counted as staff, the person must be employed by the CHDO, and documentation is needed.
  - a. Full time or part time employment – This would be evidenced by a payroll report or a W-4 or a W-2.
  - b. Contracted staff – This would be evidenced by a “contract” for employment and a W-9 and 1099 (at the end of a year).
2. Relevant development experience – Document the basis for answers to the applicable project type.
  - a. Homeownership Development – Has the staff person been involved in the acquisition, rehabilitation/construction and sale of homebuyer housing? Previous experience purely in counseling, marketing, or financing activities is not sufficient to be considered development experience.
  - b. Rental Development – Has the staff person been involved in the acquisition, rehabilitation/construction and/or ownership/operation of rental housing?

#### **CHDO ORGANIZATION CAPACITY**

The LHC must consider the organizational capacity of the CHDO. The LHC will review information submitted to determine if the CHDO has the organizational capacity to undertake an award under the current NOFA. Factors that the LHC will consider include:

1. Organizational structure – Can the current corporate organizational structure support housing development activities or is there a need for a subsidiary or other organizational structure for future development? Are there operations or activities that need to be organizationally separate from housing development activities and portfolios?
2. Management structure/practices – Does the current CHDO management have the ability to manage additional development activities? Are the corporate lines of authority for development activities clear? Are policies & procedures in place governing development activities?

3. Pipeline/portfolio – What does the CHDO have as its current project pipeline and program responsibilities? Will CHDO be able to handle the additional project proposed? If the CHDO organization pursues housing development, what other activities are likely to suffer or not be able to be pursued due to the effort required for development activities? Does CHDO's portfolio of projects/properties evidence competent management and oversight? Do the properties appear to have adequate funding?
