Narrative

SBP L9 II, partnering with SBP as the developer, proposes to develop the second phase of St. Claude Gardens, a scattered site rental development in the Lower 9th Ward. Phase I, which is currently under construction, includes 60 two- and three-bedroom units on 30 lots scattered throughout the Lower 9th Ward for veterans and households with children. Phase I was financed with 4% Low Income Housing Tax Credits, City of New Orleans HOME funds, and Louisiana Housing Corporation Community Development Block Grant funds. The 30 lots were obtained from NORA and the development also includes 36 project-based vouchers from the Housing Authority of New Orleans and LHA. Phase I is actively under construction and initial lease up, with completion slated for summer 2021. Phase II, which will include 39 two- and three-bedroom rental units, will further revitalize the Lower 9th Ward neighborhood and meet the area's high demand for affordably priced rental units. Each unit will contain a washer, dryer, dishwasher, central air and heat, ceiling fans and exterior security cameras for the grounds. There will be community services at no cost to the residents, including connections to supportive services. There will be access to a nearby community garden managed by FarmingNOLA. All of the units will be available to households at or below 80% of the area median income at a variety of AMI levels. The units will be affordable for 45 years. To finance Phase II, SBP will utilize a streamlined partnership with LHC, the City of New Orleans and FANO that was established under the groundbreaking Cooperative Endeavor Agreement. SBP will finance the project with 4% LIHTCs and tax exempt bonds, developer equity, and a permanent loan, in addition to the funding secured from the City of New Orleans. SBP obtained 22 lots from NORA for this project at a discounted price, which will make this project financially feasible. To ensure long-term affordability, SBP is also applying for tax abatements through the Finance New Orleans PILOT tax abatement program. We are also seeking project-based vouchers from HANO and Permanent Supportive Housing Vouchers from LHC, as was done in Phase I.
