**Date:** Tuesday, May 08, 2012 4:25:23 PM

---

Brenda,  
We have an Additional Comment o the current Draft QAP:

**Minimum Points Requirement:** The move to Congressional District Pools and the elimination of the Superior Design requirement can allow a project that scores 50 or even 20 points to receive credits. This runs completely contrary to the LHFA's stated goal of creating QUALITY affordable housing. In light of the move to Congressional Pools and elimination of Superior Design, please reinstate the Minimum Threshold point requirement. We suggest 50 points.

Sincerely,

Neal Morris
