Dear Brenda,

It was nice speaking with you today. My mother's maiden name is Evans, our family was deeded the Town of Rosepine by the land grant act. The story goes the Evans had a duel in Ohio and fled to the south. I wanted to ask you if you knew anyone from Rosepine.

The town of Rosepine is nestled between Leesville and DeRidder. We are a small town struggling with infrastructure issues. We are also one of the fastest growing towns in Vernon parish, due to our military and their families. We have that small town appeal.

We need affordable housing for single and multi families. We have many low income families that could utilize housing in this area. Many studies have been done in the community but nothing has been developed within the town. Please feel free to call or come by call me at any time. Thank you for any assistance.
