Dear Brenda Evans :

**Darlene Frazier**  
Secretary  
Parks & Recreation

The Town of Zwolle needs affordable housing. We are a small low- income town with a population of 1,800. The tax payers continually call and come by for information about a place to rent. If we had more places to rent it would be an asset for our small town which would help it's growth .

Low Housing is very much needed. We would appreciated if the state's 2014 Qualified Allocation Plan would allocate Low-Income Housing Tax Credits to tax payers for the development of affordable housing for the citizens of Zwolle.
