Dear Commissioners:

Louisiana Landmarks Society appreciates the Louisiana Housing Authority's work concerning the QAP for Low Income Housing Tax Credits.

We said at the public meeting, as well as in our written comments, that we support reuse of existing historic structures not only to help preserve the buildings, but to revitalize communities and help them retain their unique character. In our comments, we particularly mentioned reuse of single and two family residences. We would like to make it clear that we support incentivizing the reuse of historic buildings of any size for low income housing.

Thank you again for the opportunity to comment on this very important issue.
