## **Minutes**

The Single Family Committee meeting was called to order by Chairman Airhart on November 10, 2010 at 10:08 A.M. in Committee Room 1 at Louisiana Housing Finance Agency, located at 2415 Quail Drive, Baton Rouge, LA.

The approval of the October 13, 2010 Single Family Committee Meeting Minutes was presented by Commissioner Joseph Scontrino, III and seconded by Commissioner Allison Jones. There being no further discussions or oppositions, the matter unanimously passed.

Updates on the 2010A and the Whole Loan Report were given by Ms. Mary Antoon, Program Manager. Ms. Antoon referred to the board books on SF-11. Ms. Antoon stated also within the material, pursuant to commissioner's request, was the production trending report on SF-26.

Ms. Antoon stated you will see the whole loan report in which we are still reporting those 28 loans and we still have the one REO property. Ms. Antoon referred to the whole loan report on SF-61. Chairman Airhart asked if it would be possible for the Agency to donate the lot to a nonprofit like Habitat for Humanity. Commissioner Scontrino asked the location of the REO property and also stated he would not mind helping out in the search for someone to purchase the lot. Commissioner Jones stated prior to donating the property research needed to be conducted to see what the laws governing state agencies are in regards to donating property or anything with value. Keith Cunningham, LHFA attorney stated constitutionally the law prohibits state agencies from donating anything of the states property for less than value. Mr. Cunningham stated there are certain conditions, projects, and certain areas that apply. Commissioner Jones recommended we research and come back before the committee with a decision.

Chairman Airhart proceeded to the next item on the agenda regarding the selection of Master Servicer. Chairman Airhart stated the Agency sent out the RFP and received one response which was Bank of America and their representatives are here today. Chairman Airhart stated Mr. Cunningham, Mary Antoon, and I were on a conference call yesterday and there were some matters brought up that need to be made aware of to the committee. Chairman Airhart stated we will give the respondents an opportunity to address all concerns and issues.

Chairman Airhart asked Mr. Cunningham to correct him if he was wrong, but as for his understanding the RFP was issued with the provisions that anyone approved under the Federal Safe Act of 2008 shall be eligible to participate in the program. Chairman Airhart asked Mr. Cunningham to comment on the proposal. Mr. Cunningham stated looking at the aspect of whether or not the proposal was responsive to the RFP; they included language that indeed gave opportunity for brokers that are a part of our existing lender network to participate in the Single Family MRB Program. Mr. Cunningham stated the language was not absolute and the discussion was to what extent could that language be made absolute and again that could be considered a part of the negotiations or contract, or it could be something that could be discussed now in committee. Mr. Cunningham stated the nature of the proposal was responsive but there may be some additional questions that were brought up in our discussion that they have the opportunity now to answer and put all those things to rest.

Commissioner Scontrino asked if Chairman Airhart could explain to him the issue with Bank of America's proposal. Chairman Airhart stated today we have a distribution network that includes around 80 companies and we wanted to make sure in 2010 we were not collapsing that channel. Commissioner Jones asked Mr. Cunningham to clarify if the proposal was or was not responsive to the RFP? Mr. Cunningham stated that it is responsive to the RFP. Commissioner Jones asked what the hesitance was with moving forward in accepting the response. Mr. Cunningham stated there is not a hesitance basically this discussion is for the board members to voice any concerns. Mr. Cunningham stated Bank of America submitted a proposal that stated brokers had to participate under their operation and this is the opportunity for the members to look at it and see if this is the company they want to approve or accept.

Commissioner Scontrino asked did the language state it will be restricted to how many people can participate. Mr. Cunningham recommended that the representative for Bank of America respond. Chairman Airhart asked Mr. Awadis how many do you have today in your corresponding network and how many do you intend to have? Mr. Awadis, Bank of America stated about a month ago there company decided to no longer do business with the broker community, in which this has to do with the regulation changes the industry is going through. Mr. Awadis stated about a year ago there were substantial reforms introduced by HUD and other regulatory agencies that limit the participation on mortgage brokers in these programs and in April 2011 it is going to be more restricted as a result of some of the federal guidelines being introduced. Mr. Awadis stated as a company two years ago they had a 8% market share in the broker channel and now we have a 1% market share in a market that is shrinking. Mr. Awadis stated their production is coming through two channels, retail direct and our correspondent.

Mr. Awadis stated that what the company considers a correspondent lender is a lender that has the ability to process, underwrite, and front their own loans and then sell those loans to

an entity like Bank of America. Mr. Awadis stated within the correspondent channel we as a company do business with a number of lenders that are licensed in this state. Mr. Awadis stated their company is currently the Master Servicer for three other local issuers in Louisiana. Mr. Awadis stated their approval process as a bank is very standardized and there are a number of things that they look for within a financial institution to approve a lender. Mr. Awadis referred to page 12 of their proposal where it displays the specifics of the process they put lenders through. Mr. Awadis stated he understands that the Agency would like for Bank of America to do business with every lender that is approved under the Federal Safe Act, but he was not able to say yes the company will accept every lender that is approved under the Safe Act. Mr. Awadis stated every lender that is not approved with the company must go through their approval process but there is no guarantee that the lenders will be approved but I can guarantee that everyone will be treated equally.

Chairman Airhart asked how many correspondent lenders Bank of America have willing to participate in that arrangement. Carolyn Dawson, Bank of America stated because of the consideration of the RFP we as company agreed to not discuss. Ms. Dawson stated the company put a halt on communication with the correspondent lenders who have third party approval to deliver brokered loans through that channel and we would like to pick up the conversations again and I think it is fair to extend this opportunity to all of the correspondents who are approved.

Commissioner Scontrino asked would limiting the brokers and possible correspondents that might respond from a geographical stand point create a problem for us? Commissioner Scontrino continued by saying our goal is to sell across the state not just limited areas within the state. Ms. Dawson stated she thinks the majority of the Agency's correspondents are already approved with Bank of America, but as far as the brokers we are hoping some of the correspondents would be willing to step up and support some of the brokers in the program to allow that distribution channel to continue throughout the state.

Chairman Airhart redirected the question asking prior to the RFP going out was there any correspondent lenders you were speaking with that said yes, we will take on the brokers? Ms. Dawson stated there was an interest expressed.

Tim Rittenhouse, CSG Advisors stated he understood the table and exhibit F, but it was not clear what the adjustments regarding the FICO scores were. Mr. Awadis stated for the Agency's programs the minimum FICO score is 620 and that is reflective in our pricing. Mr. Awadis stated but as a company their minimum FICO score is 640. Mr. Awadis stated we understand there is a balance between credit and originations. Mr. Awadis stated for housing agencies only we allow you to go to 620, but as a company the minimum is 640 FICO. Mr. Awadis stated we encourage you to go to a 640 FICO score but we do understand that 620 FICO score is what we put in our proposal and we have to honor that.

*Commissioner Jones motioned to approve the resolution in regarding the selection of Bank of America as Master Servicer for the Single Family Mortgage Revenue Bond Program. It was second by Commissioner Scontrino. There being no further discussions or oppositions, the matter unanimously passed.*

RESOLVED: A resolution recommending the selecting of Bank of America as Master Servicer of the Single Family Mortgage Revenue Bond Program to be brought before Full Board.

There were no other matters to discuss; the meeting was adjourned at 10:34 a.m.

# Louisiana Housing
