Date: October 1, 2010

Re: Energy Assistance Program Committee

There will be an Energy Assistance Program Committee meeting, Wednesday, October 13, 2010 at 11:00 a.m. at Louisiana Housing Finance Agency, Committee Room 1, located at 2415 Quail Drive, Baton Rouge, LA.

The following topics will be discussed:

- Energy Programs Activity Summary
- LACAP Louisiana WAP Max Report

If you have any questions or concerns, please contact me.

October 1, 2010

ENERGY ASSISTANCE COMMITTEE MEETING

A regular meeting of the Energy Assistance Committee will be held on **Wednesday, October 13, 2010 at 11:00 AM**, Louisiana Housing Finance Agency, **Committee Room 1**, 2415 Quail Drive, Baton Rouge, Louisiana, by order of the Chairman.

AGENDA

1. Call to order, roll call, and introduction of guests.
2. Approval of minutes from the September 8, 2010 Committee Meeting.
3. Energy Programs **Activity Summary**.
4. **LACAP** Monthly Report for Louisiana **WAP Max**.
5. Other Business
6. Adjournment

Milton J. Bailey, LHFA President

**If you require special services or accommodations, please contact Barry E. Brooks
(225) 763-8773 or via email bbrooks@lhfa.state.la.us**

Pursuant to the provisions of LSA-R.S. 42:6.1, upon two-thirds vote of the members present, the Board of Commissioners of the Louisiana Housing Finance Agency may choose to enter Executive Session, and by this notice, the Agency reserves its right to go into Executive Session as provided by law.

Louisiana Housing Finance Agency
Energy Assistance Committee Meeting
Wednesday, September 8, 2010 - 9:00 a.m.
2415 Quail Drive
Committee Room 1
Baton Rouge, LA 70808

Commissioners Present

Katie Anderson
Mayson H. Foster
Elsenia Young

Commissioner Absent

Tyronne Wilson

Staff Present

James Droddy
Alesia Wilkins-Braxton
Keith Cunningham
Loretta Wallace
Bridget McGee
Darleen Okammor
Robyn Meschke
Mary Brooks

Others Present

See attached sign-in sheet

Commissioner Katie Anderson called the meeting to order at 9:12 a.m. The chair announced since everyone knows everyone they would dispense with the introduction of guests; however there was one new attendee who introduced herself. The minutes of the August 11, 2010 were approved on a motion by Commissioner Foster, and seconded by Commissioner Young.

Darleen Okammor, Energy Assistance Program Manager, updated the Committee on the progress of the Low Income Home Energy Assistance Program (LIHEAP) and the Weatherization Assistance Program (WAP).

LIHEAP

In Washington, lawmakers went into the August recess without reaching agreement on the 2011 LIHEAP Appropriation bill. If the bill isn't passed before the start of the new fiscal year, it is likely that a continuing resolution will pass after the November elections.

This will allow some funding. The House Appropriation Subcommittee provided \$5.1 billion for the program. This is the same level as last year. The Senate Appropriation Committee provided \$3.3 billion, which is the same level as the President's budget request. According to the national organization, the program may not receive any funding until late November or early December.

LACAP and LHFA are working together to move funds from some CAPs who have decided to relinquish a portion of their funds before September 30th. Yesterday, the Agency started contacting the agencies in the Gulf Coast region. We still have not received any applications yet. The funding for the initiative will expire September 30th. In response to inquiry, Ms. Okammor explained this initiative and what could be the lack of requests for funds. It is an extension of the Special Needs Program: anyone struggling with utility bills, or had arrearages, etc. we would pay and catch them up. They had to have been effected by the oil spill.

Jane Killen, LACAP Executive Director, added CSBG has conference calls every week with the agencies and she was surprised when they did not show any numbers coming in asking for their services. She and Mr. Phelps toured the area. The action agencies receive CSBG ARRA funds and many of the agencies are using the ARRA funds to pay utility bills.

In addition she stated she talked to the mayor (?) and some council members. What they are looking for is cash, and she explained that none of their programs are going to do that.

Ms. Okammor resumed, saying we have one-half million dollars that was part of our 2009 LIHEAP, and it will expire this September. She suggested within the next week or so we could look at moving some of that to an agency that could probably spend it. Mr. Phelps will do a follow-up.

In response to the questions if it requires Board action, the response was, no; it is in their contract.

WAP

Ms. Okammor stated the 2010 program is off to a slow start. LHFA and LACAP continue to focus on closing out the 2009 grant. That needs to happen by September 30th. Once the final report is submitted, the Agency will consider revising the 2010 State Plan to include any carryover funds.

Mr. Keith Cunningham stated they received additional information toward the end from NETL about flow-down provisions. We wanted that to be collected in the contract between LACAP and the actual grantee recipient, he stated.

This concluded Ms. Okammor's report.

LACAP Monthly Report:

Jon Phelps, Energy Director, stated Total Community Action out of New Orleans, which is their highest production agency, had a one month failure to produce. They re-bid all of their contracts; they wanted to make sure they had procurement and everything was in order. They felt like they needed to re-bid everything, and that is why they did not show any production for July. They had two units for August, so they are back on line. September is the key month for them to be back on line. They did not show any production problems before this. They just wanted to make sure their procurement was done correctly.

Lafourche is continuing to produce in July. He checked and was told they had 8 units done before August. This is what they predicted they would do; therefore, they are sticking to their plan. It did not show up in HDS because they saved it on the wrong date. They did have 8 units in there so they are back on track.

Commissioner Foster said it was his understanding there was a cash flow issue. He inquired what was the problem and what will we do to solve it so it does not happen again.

Ms. Wallace responded the problem started with the confusion over the Cost Allocation Plan. She believed LACAP was first under the impression the plan had been approved, but actually it had not been approved by Rene Landry. Until the plan is approved, in order to pay on any invoices back-up documentation is required. Because they operate multiple programs they will know the shared costs--how the money is being disbursed. She explained they had been working on getting a plan approved. Rene Landry and Jatis Harrington have been reviewing and keep coming back with questions; and LACAP is responding. She stated they met last Tuesday and may be finally on the same page on what Mr. Landry and Ms. Harrington are looking for, so they will know how the costs will be shared across all of the programs. As far as invoices, there were issues on both parties. There was fault on both sides--the Agency as well as LACAP. She felt the meeting resolved a lot of those issues, and they had processed most of those invoices.

Discussion on invoice issues continued. At conclusion they felt they have things pretty much under control. Ms. Killen suggested meeting on a weekly basis would help. Ms. Wallace informed the Committee if any issues arise, they will be informed.

There was also confusion about paying back advance to the Agency--how it would be collected. It was worked out and a two-month advance decided.

Keith Boeneke, Shaw Group

The Department of Energy (DOE) announced a Conference will be held in New Orleans on September 21-23. He offered to give details via email to anyone interested.

They inspected 93 homes to be energy-wired, which is 7.3% of the homes completed through June, so they are on target there. They did another 14 hours in August, bringing their total to 107 homes inspected through August. They completed 13 physical on-site monitoring events; which leaves 4 to do between September and October, and that has been scheduled on track. Their daily message report will be sent to us on September 17th.

The next item on the Agenda was the 2011 LIHEAP State Plan. It was stated it complies with the regulations and requirements. Commissioner Foster asked if the extension requested had been granted. Ms. Okammor responded, we asked for an extension to the 10th of September but they gave us to the 15th, reiterating this is the one that has not yet been funded.

On a motion by Commissioner Foster and a second by Commissioner Young, the following resolution was recommended for approval to the Full Board:

Resolution approving the Louisiana 2011 Low Income HOME Energy Assistance Program State Plan (labeled as Exhibit A entitled "2011 Low Income Home Energy assistance Program State Plan"); and providing for other matters in connection therewith.

There being no opposition, motion carried.

The next visit for Katherine Foote, Department of Energy, is scheduled for November 29th through December 3rd.

There being no further business, meeting was adjourned at 9:37 a.m.

Energy Programs Activity Summary Through 9/30/2010

Low Income Home Energy Assistance Program

Grantor: Department of Health and Human Services (DHHS) \$66,641,400

Type of Assistance (October 2009-September 2010)	Total Expenditures	Number of Households Assisted	Households with at least one member who is:			Denied	Number of New Clients
			60 Years or Older	Disabled	Age 5 or Under		
Heating (October – March)	\$15,800,855.13	34,741	13,072	15,065	6,494	201	7,912
Cooling (April - September)	\$32,268,891.57	73,399	24,063	29,060	1,566	542	22,134
Year Round Crisis	\$5,766,936.03	20,063	2,618	6,263	6,085	135	9,015
Energy Special Needs	\$80,042.17	105	30	57	52	26	
Totals	\$53,916,724.90	128,308	39,783	50,445	14,197	904	39,061
Percentage of Total	81%		31.0%	39.3%	11.1%	0.7%	30.4%

Weatherization Assistance Program

Grantor: Department of Energy (DOE) \$3,520,867 (Units) 442

Type of Assistance (July 2008 - June 30, 2009)	Total Expenditures	Units Weatherized	Households with at least one member who is:			Denied
			60 Years or Older	Disabled	Age 5 or Under	
DOE Production						
1st Qtr (July 1 - Sept. 30)	\$17,993.42	6	4	2	1	31
Totals	\$17,993.42	6	4	2	1	31
Percentage of Total	1%		66.7%	33.3%	16.7%	516.7%

MONTHLY REPORT TO
LOUISIANA HOUSING FINANCE AGENCY (LHFA)
FROM
LOUISIANA ASSOCIATION OF COMMUNITY ACTION PARTNERSHIPS (LACAP)
IN ACCORDANCE WITH CONTRACT FOR PROFESSIONAL SERVICES
FOR THE ARRA WAP MAX
ADMINISTRATION REQUIREMENTS: EXPECTATION NUMBER 19
October, 2010

Expectation Number 19: In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 19 which states that “Contractor shall present an in-person monthly overview of the progress of the administration and production of the Louisiana WAP MAX Plan to the Energy Assistance Committee of the Board of Commissioners each month. We have submitted the written report to LHFA on September 17, 2010.

Monthly Desk Reviews

Expectation Number 5: Contractor shall conduct monthly desk reviews of the Subgrantees using information in the HES database and reports, as requested by Contractor, of Subgrantees. Protocol for monitoring must be agreed upon by LHFA and Contractor. LACAP conducted a desk review for the month of August, 2010, for all Subgrantees.

One Month Failure to Produce

Expectation Number 6: For the month of August, 2010, there were two agencies that fell into this category, East Baton Rouge and SMILE. A letter was sent to each agency by LACAP.

Two Month Failure to Produce

Expectation Number 7: For the month of August, 2010, one agency fell into this category, TCA. A letter was sent, a face-to-face meeting was held and additional monitoring was performed.

Four Month Failure to Produce

Expectation Number 8: For the month of August, 2010, no agencies fell into the four month category.

See attached table for Subgrantee ARRA Production.

Expectation Number 14: In accordance with the provisions of the contract under Article 4, Statement of Work, Expectation Number 3 which states that “Contractor shall fully execute the training and technical assistance activities included in the state plan.... Contractor shall document all training by subgrantee, by individual trained, by training course and by certificate/ diploma. Contractor shall seek to maintain 60% attendance rates for the classes submitted in the submitted training schedule...”

<u>COURSE:</u>	<u>DATE:</u>	<u>HOURS:</u>	<u>TRAINEES/ CERTIFICATIONS:</u>	<u>COURSE DESCRIPTION:</u>
Basic Weatherization	8/3/10-8/5/10	24	8/8	Comprehensive introduction to the principles of energy and the whole-house approach, as well as their application to weatherization services in Louisiana.
	8/18/10-8/20/10		11/11	
	8/31/10-9/2/10		12/12	
HVAC	8/9/10-8/11/10	24	9/9	Covers the wide range of appliances, diagnostic techniques, and weatherization measures involved in home heating, venting, and cooling. Special attention will be paid to DOE WPNs and Louisiana-specific HVAC considerations, such

				as cooling and sun control.
Health & Safety	8/10/10-8/11/10	16	9/9	Covers health and safety concerns to the weatherization worker and to the home occupant in Louisiana, including how to address them in the field.
	8/23/10-8/24/10		9/9	
Insulation	8/17/10-8/19/10	24	7/7	This course covers the wide range of insulation forms, applications, and considerations in weatherization work in Louisiana. After taking this course, participants will be able to make informed decisions around insulation measures based on air-leakage testing, visual inspection, use of the Louisiana Weatherization Procedures Field Guide, and cost. Participants will engage in a variety of hands-on training situations to practice using the right tools, materials, and methods to properly prepare and insulate sidewalls and attic spaces. These experiential training activities will cover a variety of real-world insulation challenges and obstacles that participants will face in the field in Louisiana homes. Participants will specifically learn when and how to insulate walls (dense pack) and attics.

Auditor/Assessor	8/31/10-9/1/10	8	10/10	This two day training will cover how to evaluate the energy performance, comfort, safety and structural integrity of the homes being audited for potential retrofit. This course will give participants the foundation and background information they need to better understand, evaluate and write a scope of work that is appropriate for a given home and the weatherization program in Louisiana.
HES WAP New Hire	8/25/10	8	5/5	Through this training participants will engage in a better understanding of the HES system with Q & A sessions and practical hands on activities.
Mobile Home	8/3/10-8/5/10	24	11/11	In this course, participants will learn hands-on how to assess the weatherization needs of typical mobile homes and address those needs using the right tools and measures, taking into consideration priorities and cost. Participants will practice carrying out diagnostics, repairing and insulating mobile home bellies, sealing ductwork, and insulating walls and attics of various construction types. They will test and service mobile home water heaters and HVAC systems, and install various sun control measures. Special attention will be paid to client education, safety, and use of the Louisiana Weatherization Procedures Field Guide.
				This course will show participants how to perform their work in a manner that creates the least amount of dust possible, and how to contain and clean up dust that they do

EPA RRP	8/17/10	8	9/9	create so that it does not spread throughout the house or to neighboring properties. <input type="checkbox"/> Upon completion of this course, participants will be able to perform Weatherization in a manner that minimizes creation and dispersal of lead contaminated dust and protects residents, especially children, from possible lead exposure.
---------	---------	---	-----	---

Expectation Number 18: Contractor shall provide a monthly inventory list of all vehicles, tools and equipment purchased with ARRA funds (10 CFR 440.18, WPN 09-1B) Contractor shall obtain all prior approvals as necessary for equipment purchases in compliance with DOE and State rules and regulations. Also see attached.
