I. GENERAL AND ADMINISTRATIVE INFORMATION

A. Background and Purpose

The Louisiana Housing Corporation (hereinafter referred to as “LHC” or “Corporation”), seeks proposals from bona fide, qualified Proposers, firms, and entities to provide program management services for certain Disaster Response and Recovery Housing Programs. The Corporation may select one or multiple Proposers that will further assist with the implementation of the Corporation’s administration of Community Development Block Grant (CDBG) Disaster Recovery funds and other federal funds provided for programs under the authority of LHC, State Office of Community Development (OCD), and/or other State agencies in partnership with LHC, including other similar programs yet to be defined, and also including programs occurring as a result of past and future disasters (hereinafter referred to as “Program(s)”).

The source of funds for this RFP may include, but may not necessarily be limited to, Community Development Block Grant – Disaster Recovery (CDBG-DR) and CDBG Mitigation (MIT) funds, FEMA funds, Covid-19 response funds, emergency Treasury funds, and/or any other funds that have not yet been anticipated to be awarded but may arise during the term of this contract. The activities under this contract include both immediate post-disaster housing activities and long term recovery activities.

Since 2012, the Louisiana Housing Corporation has administered consolidated funding sources and programs for affordable housing throughout the State and has provided a coordinated approach to overall State housing policy. Selected Proposers should reasonably expect to coordinate its efforts with various federal and state agencies including but not limited the Federal Emergency Management Agency (FEMA), the Louisiana Department of Health (LDH), the Louisiana Office of Community Development (OCD), the Department of Children and Family Services (DCFS), U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Energy (DOE), the U.S. Treasury, and/or the Louisiana Housing Authority as well as with contractors for any of them. Collectively, these agencies in one way or another play a role in the administration of Programs, from homelessness prevention to disaster recovery. The selected Proposer(s) can also reasonable anticipate working with a variety of other external entities, including lenders, developers, property managers, non-profit organizations and local governmental agencies to assist the LHC in providing important services and resources to the citizens of the State of Louisiana.

At a summary level, program management services include the following:

1. Operations management and application processing functions for the Program
2. Long-term compliance and monitoring of fully funded applications
3. Timely response to ongoing Program service requirements, including Program or Action Plan modifications, which may occur on short notice. As a result, the selected contractor(s) should provide solutions following known and established processes
4. Comprehensive and proactive quality assurance and quality control functions
5. Management of subcontractors, staffing, support and case managers where applicable

6. Coordination with the LHC, Office of Community Development (or other partners/funders) the State's Information Technology services contractor
7. Establishing processes and procedures to close out and/or transition the Program as necessary
8. Successful applicants must have the ability to cover all contract related costs including all amounts owed to subcontractors for services and costs for at least thirty (30) days after the start date of the contract(s).

III. SCOPE OF SERVICES

A. Introduction

The Louisiana Housing Corporation is issuing this RFP to solicit proposals from qualified entities to provide program management services to assist with the implementation of the LHC's disaster/mitigation (MIT) housing programs. These programs are funded by FEMA, GOHSEP, the US Treasury, CDBG-DR or MIT funds (and potentially other federal disaster recovery and resiliency funds) and include programs resulting from Hurricanes Katrina, Rita, Gustav, Ike, Isaac, Laura, Delta, Zeta, Ida, the Great Floods of 2016, and the Coronavirus (COVID-19) Pandemic as well as any future disaster recovery and disaster resiliency efforts.

The scope and quantities referenced in the RFP and its addenda are estimated to be the amount needed. The Corporation does not obligate itself to contract for more than the actual requirements during the period of this contract, as determined by actual needs and availability of appropriated funds. All tasks under the contract will be by assignment by LHC. There is no guaranty of work or the level of work. This contract will not be an exclusive contract; LHC may use other contractors, contractors procured under this RFP, contractors from future procurement, or its own staff to perform some functions. The LHC may select one or more contractors to provide disaster master servicing under this RFP.

The Contractor selected under this RFP will be responsible for hiring, training and supervising program staff whose primary responsibility will be the successful management of disaster response and recovery/resilience housing programs (in conjunction with LHC). Contractor's staff will serve as the front line staff of these programs, and provide long-term consistent delivery of services to LHC's various stakeholders. Among other responsibilities, as requested by the LHC, the Contractor staff will be responsible for the following:

- Identifying and securing contractors to respond to sheltering needs related to housing and resource identification and coordination, transportation, tracking and reporting;
- Responding and coordinating with Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP), FEMA and local municipalities to address housing needs related to disaster response and recovery/resilience;
- Providing grant management advice to maximize reimbursements of disaster related expenses;
- Processing reimbursements/payments to all subcontractors. This includes project identification, development, formulation, and processing as required for small and large scale projects;
- Management, design, and implementation of the disaster response and recovery/resilience programs;
- Completing processing of all open applications;

- Assisting LHC and its onsite property management on the ground during an emergency/disaster to oversee operations and/or any forced evacuation at LHC's agency-owned properties (Village des Jardin, Mid-City Gardens, Willowbrook);
- Assisting LHC Asset Management with post-disaster collection of information of data/reporting for affordable housing projects affected by disasters;
- Program monitoring, compliance, recapture;
- Completing all other activities required to close out the Programs including entering into appropriate arrangements with subcontractors and third party vendors with LHC's approval; and
- Any other services as necessary as determined by LHC or its partners.

The Corporation reserves the right to increase or decrease quantities and labor hours, as appropriate, at the prices the Corporation agrees to in the contract resulting from this RFP.

B. Overview

Successful program management of the Disaster Response and Recovery/Resilience Housing Programs requires the Contractor(s) to provide personnel who are trained and knowledgeable in the following areas: financial management and audits; homeowner and small rental property disaster recovery housing;; case management; compliance and monitoring; grant closeout; policy and reporting including data analysis; permanent supportive housing and other homeless programs; acquisition and relocation; labor standards compliance; fair housing/equal opportunity compliance; closeout and recapture of disaster recovery funds; construction management/monitoring; environmental clearances and other federal housing subject matters. These areas of resource will provide needed capacity to LHC in its ongoing recovery efforts from the destruction of the 2005, 2008, 2012, 2020 and 2021 hurricanes, the 2016 Floods, COVID-19 pandemic and any future disasters.

This section details the program management tasks that the Contractor must perform in order to support LHC in the implementation and administration of Programs. The Contractor will be directly responsible for ensuring the accuracy, timeliness, and completion of all tasks assigned under this contract. The scope of work presented is based upon circumstances existing at the time the RFP was released. The Corporation reserves the right to modify or delete the tasks listed and, if appropriate, add additional tasks prior to and during the term of the contract, subject to the approval of the Louisiana Housing Corporation Board of Directors, and/or their assigns.

If additional hurricanes or other disasters affecting Louisiana occur during the term of this contract and/or if the State is successful in obtaining future funding for disaster resiliency, the Contractors staff may be assigned to work on future federal grants awarded and potentially expand those services to accommodate other similar programs yet to be defined/created. There is no guarantee of a minimum level of services, which may be requested by the LHC under this contract. This is not an exclusive contract.

Tasks to be accomplished under this contract will be addressed with associated deliverables, performance measures, and timelines, among other requirements which may be included through program task orders with additional deliverables. This Scope of Services address tasks that the LHC is

soliciting to support the implementation and administration of the Program. The Contractor will be directly responsible for ensuring the accuracy, timeliness, and completion of all tasks assigned under this contract. The scope of services presented is based upon circumstances existing currently. The LHC reserves the right to modify or delete the scopes listed and, if appropriate, add additional scopes prior to and during the term of the contract.

C. Programs

The services to be procured through this RFP will support the implementation and administration of the disaster recovery housing programs as outlined (or will be outlined for future disasters) in the relevant Action Plan(s), http://www.doa.la.gov/Pages/ocd-dru/Action_Plans.aspx and by FEMA, GOHSEP, and the US Treasury, and future programs, which may include but are not limited to disaster resiliency programs. The LHC reserves the right to retain program management of some of these programs internally or to use other contractors. The selected applicant(s) under this RFP will proceed as assigned and as needed by LHC.

1. **Housing Programs in Southeast and Southwest Parishes** – The State Office of Community Development has submitted its proposed action plan to HUD in response to the Federal Register Notice for Hurricanes Laura and Delta. The proposal was submitted on May 6, 2022 and is awaiting approval before the state can access federal funds. The State Office of Community Development is currently in the public comment and public hearing period for the action plan in response to the Federal Register Notice for Hurricane Ida and May 2021 disaster events.
2. **Housing Development Loan Fund** — provides seed funding for a contractor or state agency to establish one or more loan funds that offer flexible-term acquisition and predevelopment financing to developers of the most critically needed housing. The program is combined with the Housing Development Loan Fund program, and is known collectively as Enterprise Louisiana Loan Fund.
3. **Gustav/Ike State Affordable Rental Program (ARP)** (Program from Hurricanes Gustav/Ike) —restores and creates affordable rental housing for individuals with low and moderate incomes through the new construction of rental housing or the acquisition/rehabilitation of existing facilities. Municipalities, parishes, nonprofit organizations and developers in the 53 parishes affected by the storms were eligible to compete in the program. (Program from Hurricanes Gustav/Ike)
4. **Gustav/Ike Parish Affordable Rental Program**(Program from Hurricanes Gustav/Ike) — The five most impacted parishes, as assessed by HUD housing damage estimates, were allocated a share of \$24 million to invest in affordable housing. The initial allocations were as follows:

- Terrebonne \$10,000,000
- Cameron \$ 4,000,000
- Iberville \$ 4,000,000

- East Baton Rouge \$ 3,000,000
- Lafourche \$ 3,000,000

Terrebonne parish subsequently opted to have its share run through the State's Gustav/Ike Piggyback program reducing the total allocation to \$14,000,000, but those dollars were later returned back to this program. Cameron, East Baton Rouge, and Iberville parishes have additionally decided to use part of their regular parish program allocations to supplement their affordable rental programs.

- 5. Parish Programs** (Program from Hurricanes Gustav/Ike) — In order to address the housing recovery needs resulting from Hurricanes Gustav and Ike, the State provided Disaster CDBG funds from HUD directly to the impacted Parishes. Choosing from a variety of programs (e.g. Homeowner Rehab., First Time Homebuyer, and Neighborhood Redevelopment), Parishes have used these funds to assist homeowners throughout the State.
- 6. Low-Income Housing Tax Credit (LIHTC) “Piggyback” Program** — provides low-interest gap financing loans to developers to create mixed income affordable multi-unit rental housing by leveraging CDBG-DR funds with low income housing tax credits, public funding, and financed debt.
- 7. Soft Seconds Program** — designed to help low-to-moderate income individuals who are purchasing a home by providing mortgage assistance.
- 8. First Time Homebuyer Pilot Program** — provides financial assistance to individuals buying their first single family home or owner-occupied duplex.
- 9. Small Rental Property Program (SRPP)** — administered by the State Office of Community Development, SRPP aims to restore and rebuild the stock of one to four unit rental properties in order to address the housing needs of low to moderate income people in the most heavily damaged areas. The program provides affordable rents for working families by encouraging redevelopment in impacted communities. The goal is to help the housing market and provide neighborhoods with new or renovated, best-practice, mixed-income units. This program is nearly completed and may not require much additional tasks.
- 10. Plaquemines Parish Rehabilitation** — provides assistance to homeowners to meet the gap in rebuilding their storm or flood-damaged homes, through the use of nonprofit rebuilding organizations in Plaquemines Parish.
- 11. Hazard Mitigation Assistance** (Program from Hurricanes Isaac) — provides FEMA cost share funding for eligible Low-to-Moderate Income households.
- 12. Housing Programs in Plaquemines and St. John the Baptist Parishes** (Program from Hurricanes Isaac) — provides housing assistance to eligible households impacted by Hurricane Isaac.

13. **Multi-Family Restoration Loan Fund Program (MRLF)** (Program from 2016 Floods) – provides financing to rehabilitate or develop flood-impacted multifamily housing units.
14. **EBR Parish Flood Sanction Programs** (Program from Hurricanes Isaac) – parish-wide program designed to eliminate blight and stabilize flood-affected neighborhoods by helping landlords repair damaged rental units in East Baton Rouge Parish.
15. **State-wide Flood Programs** (Program from Hurricanes Isaac) – state-wide programs to provide assistance to landlord applicants experienced in renting residential properties to tenants or developing in-fill residential rental housing to be located in areas adversely affected by the 2016 Severe Storms and Flooding Events. This includes but is not limited to the Neighborhood Landlord Rental Programs 1, 2, and 3.
16. **Evacuation Shelter Demobilization** – provides staffing and housing navigation services to demobilize parish and state shelters in the aftermath of a sheltering event. Serves as part of a Multi-Agency Shelter Transition Team to solution disaster survivors to the next step in their recovery plan.
17. **Housing Voucher Events** – provides staffing and housing navigation services to address the needs of public housing and housing choice voucher residents impacted by disasters in conjunction with local, state and federal partners.

VI. CONTRACT TERMS AND REQUIREMENTS

A. Contract Award and Execution

The LHC reserves the right to enter into a contract based on the initial offers received without further discussion of the proposals submitted. The LHC also reserves the right to contract for all or a partial list of services offered in the proposals.

The RFP, including any addenda added, and the selected proposal shall become part of the contract initiated by the LHC.

The selected Proposer shall be expected to enter into a contract that includes substantially the same terms and conditions included herein. A Proposer shall not submit its own standard contract terms and conditions as a response to this RFP. The Proposer should submit in its proposal any exceptions or contract deviations that it wishes to negotiate. Negotiations may coincide with the announcement of the selected Proposer.

The contract will be awarded to the Proposer whose proposal receives the highest score and is best suited to meet the Corporation's requirements and needs as outlined in Section IV. The formal announcement of the selected consultant will occur on or about the date indicated in the Important Dates and Deadlines, Section I(D). Negotiations may begin with the announcement of the successful Proposer.

If the contract negotiation period exceeds thirty (30) days or if the selected Proposer fails to sign the final contract within five (5) business days of delivery, the LHC may elect to cancel the award and award the contract to the next highest ranked proposer.

If, for any reason, the Proposer most responsive to the Corporation's needs, price and other evaluation factors set forth in the RFP considered, does not agree to a contract, that proposal shall be rejected, and the Corporation may negotiate with the next most responsive Proposer. Negotiation may include revision of non-mandatory terms, conditions, and requirements.

B. Notice of Intent to Award

The evaluation team shall compile the scores and make a recommendation to the Executive Director on the basis of the responsive and responsible proposer(s) with the highest score(s).

The LHC reserves the right to make multiple awards.

The LHC will notify the successful Proposer(s) and proceed to negotiate terms for final contract(s). Unsuccessful proposers will be notified in writing accordingly.

Any person aggrieved by the proposed award has the right to file a protest with the LHC Executive Council no later than seven (7) calendar days after the issuance of the notification of award. The LHC Executive Director and two additional members of the LHC staff, as appointed by the Executive Director (collectively referred to as the "Dispute Review Panel") are authorized to resolve any protests arising after the notice of a proposed award.

The Dispute Review Panel shall render a written decision regarding a protest within fourteen (14) calendar days after receipt of the protest and any subsequently submitted information. A written decision shall be furnished to the aggrieved party and other interested parties.

In the event of a timely protest relating to the award of a contract, the LHC shall not proceed with the award of a contract unless the Dispute Review Panel makes a written determination that the award of the contract without delay is necessary to protect substantial interests of the LHC.

The decision of the Dispute Review Panel is final and conclusive except when the decision is fraudulent or the person or entity adversely affected has timely appealed as provided herein.

Any person or entity adversely affected regarding the awarding of a contract may appeal the decision to the Executive Director within seven (7) days of receipt of the written decision. Review by the Executive Director of the decision of the Dispute Review Panel shall be based on documents submitted by the Dispute Review Panel and the person or entity adversely affected by the decision. The decision of the Executive Director shall constitute the final administrative determination regarding the protest or contract controversy.

Any person or entity adversely affected by the final administrative determination regarding a protest or contract controversy may seek judicial review of the administrative determination in the 19th Judicial District Court in East Baton Rouge Parish, which review shall be based on the record compiled at the administrative level.

C. Term of Contract

The initial term of the contract shall be for three (3) years from the effective date of the contract with the option to extend to a full 5 years. The insurance companies issuing the policies shall have no recourse against the LHC for payment of premiums or for assessments under any form of the policies.

Any failure of the Contractor to comply with reporting provisions of the policy shall not affect coverage provided to the Corporation, its officers, directors, agents, employees and volunteers.

- (6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

(D) Davis-Bacon/Copeland Anti-kickback

If required by the legislation creating the program or appropriating funds to the Program, if the Contract is a construction contract in excess of \$2,000:

Contractor shall comply with the Davis Bacon Act, as provided in the following provisions as required by 29 CFR 5.5(a)(1)-(10):

- (1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)

(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The LHC shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of

failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)

(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency). The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at

<http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the (write in name of appropriate federal agency) if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the (write in name of agency), the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a “Statement of Compliance,” signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the “Statement of Compliance” required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the (write the name of the agency) or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make

them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees -

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed

pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

- (2) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as Treasury by appropriate directive or instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
- (3) Breach. A breach of the contract clauses above may be grounds for termination of the Contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

(E.) Contract Hours and Safety Standards Act.

If the Contract is in excess of \$100,000 and involves the employment of mechanics or laborers:

- (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- (3) Withholding for unpaid wages and liquidated damages. LHC shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
- (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.
- (5) The Contractor and subcontractors shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period applicable to the record keeping requirements generally provided for in this Rider or the Contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
